VOL. XXI.......NO. 6251. NEW-YORK, TUESDAY, OCTOBER 3, 1871. PRICE FOUR CENTS.

TRUNK LINES AND LAND GRANT RAILROADS.

We desire to invite the attention of careful and conservative investors to a few facts of vital importance to them in making their investments. The General Government has long since ceased to be a borrower of money, and, on the contrary, for a long time has been buying and canceling its bonds. Recently the Secretary of the Treasury, in addition to the regular monthly purchases of Government obligations, called in $100,000,000 of 5-20 Bonds. Under these circumstances investors have been compelled to look elsewhere for a profitable investment for their capital, and the first mortgage bonds of American railways are now the favorite security. The purchases of bonds by the Treasury have advanced the price of Government bonds to a point where they pay a comparatively low rate of interest. The greatest success in American railways can be found in the history of those roads known as Trunk Lines, which combine the benefit of through and local traffic. The gross earnings of the leading trunk lines of railroads in this country form a striking illustration of the above fact, as will appear in the following statement of their earnings for 1870:

New-York Central	$22,363,319
Erie	16,179,461
Pennsylvania Central	17,531,707
Baltimore and Ohio	9,371,427
Lake Shore	13,457,340
Ohio and Mississippi	3,188,137
Toledo and Wabash	4,544,640
Hannibal and St. Joseph	3,340,224
Union Pacific	7,625,277
Central Pacific	7,920,710
Total for ten roads	$105,522,442

The St. Joseph and Denver City Road is already constructed from St. Joseph to Marysville, from thence far into Nebraska, and is being rapidly completed to Fort Kearney, on the Union Pacific Road. The St. Joseph and Denver City Road will shorten the distance between the Atlantic and the Pacific coast from 80 to 222 miles, according to the different routes named above. The ten leading trunk lines of road mentioned in the preceding table comprise but a part of the railroads that will contribute to the passenger and freight traffic of the St. Joseph and Denver City Road, which is destined to become the new short line between the Atlantic and Pacific States, and which must share liberally in the enormous business represented by the grand total of $105,522,442, gross earnings of the ten leading trunk lines in the above statement. This of itself is a sufficient security for the payment of the interest and principal of the 8 per cent. first mortgage sinking fund land grant bonds of the Company, Western Division, now on the market.

But as a great additional security, the Company has a United States land grant of 1,500,000 acres of the richest agricultural lands in the West. In previous communications to the public we have taken occasion to advert to the great value of land grants to railroad companies, and will now only mention the fact that the land grant of the St. Joseph and Denver City Railroad Company is worth over $18,000,000 at the present price of the lands of the Illinois Central Company. The lands cannot be sold for less than $4 per acre, and the proceeds of the same are applied to the sinking fund for the extinguishment of the bonded debt of the Company. This loan was originally for $5,500,000, but has been largely reduced by sales to investors, including many shrewd business men who know and appreciate bonds which combine liberal income with great security.

The bonds are for the present offered at 97½ and accrued interest, and we have no hesitancy in recommending them as an investment securely guarded, both as to interest and principal. Parties desiring to participate in the division of the remaining balance of the loan are requested to make early application, in view of the possibility of an advance in the price of the bonds. The bonds of the Eastern Division of the St. Joseph and Denver City Railroad Company were originally marketed by our firm at 97½, and are now current in the market at 102. We continue to deal in these bonds the same as Government bonds and other securities. Investors will find this a good opportunity to convert their and other high-priced bonds, with the advantage of a higher rate of interest and perfect security. Maps, pamphlets, and full information in regard to the Company can be had on application.

THE MAYOR ARRAIGNED.

He is Ordered to Answer on Wednesday in Judge Bixby's Court—Sworn Statements of the Complainants.

If the proceedings of the Council of Seventy may have appeared slow heretofore, yesterday they struck a blow, the importance of which can scarcely be overestimated. At 1 P. M. Judge William C. Barrett appeared before Judge Bixby, of the Police Court, Fifty-seventh-street and Third-avenue, praying him to issue a warrant for the apprehension of Abraham Oakey Hall, at present Mayor of the City of New-York, for various offenses and malfeasance in his office amounting to misdemeanor. The complainant read the affidavit of Wm. S. A. Copeland, formerly a clerk in the Controller's office, and afterward that of Henry F. Spaulding, one of the Committee of Seventy, both of which are printed in full below. Judge Bixby listened with attention and at the close of Judge Barrett's formal demand, said:

It appears to me that it would have been as well if you had included other names, for you rest your application for an arrest mainly on the point that vouchers which on their face were fraudulent were signed by the Mayor, and even in such numbers and at such quick recurring periods as would have been a matter of suspicion even had the vouchers been of another character. But it occurs to me that these vouchers were signed by others, and I do not see why you should thus single out Mr. Hall.

Mr. Barrett replied: I accuse Mr. Hall of neglect of duty, and I cannot see how I could charge two men jointly with that offense. Besides I have other charges to bring against other men which may amount to something more than a misdemeanor, which is all that Mr. Hall is accused of. Your Honor will observe, however, that according to the statute it is a misdemeanor which will, over and above the usual penalty, preclude a man convicted of it from ever holding office again, no matter in how humble a capacity.

Judge Bixby continued: I must say that I do not like to issue a warrant. It is not from any feeling of respect to Mr. Hall, but the Mayordom of New-York is a great office, and I do not like to show disrespect to that. If I notify him to attend will not that be sufficient?

Judge Barrett—It is as your Honor says of course, but what certainty have you that your notification will be complied with?

Judge Bixby—Oh! he's sure to attend.

Judge Barrett—He is not so sure as you may think. His family are in Europe, his property can be secured at a moment, his real estate appears to be all in New-Jersey. Who can say that these guilty men are not meditating flight? A deputation of the Anti-Macgregor Builders' Association called at his residence at 7 o'clock today, and were informed that he had not been home for days, and a gentleman present here interposed the remark that Mr. Hall for some time past had been residing with Peter B. Sweeny, at his house on Thirty-fourth-street.

Judge Bixby—I think we may take it for granted that he will not fail to appear. I will notify him to answer to these charges at this office on Wednesday next at 10 A. M., and if he dares to slight it a warrant shall be at once issued. Will that suit you?

Judge Barrett—Well, yes; though I should have preferred the warrant. The odium of his acts cannot bring into disrepute his office, nor do I think he should receive more attention than any other criminal.

Messrs. Copeland and Spaulding were then requested to sign the affidavits, and were sworn by Judge Bixby, after which the papers were left with his Honor and the party withdrew. The following is a literal copy of the documents, omitting only the details of the accounts, all of which are precisely as they were printed in the Times several weeks ago, and now to be found in the Times' pamphlet:

FOURTH DISTRICT POLICE COURT.

State of New-York, City and County of New-York, ss.—Henry F. Spaulding, doing business at No. 80 Worth-street, in the City of New-York, being duly sworn, deposes and says that he is the Chairman of the Committee of Remedies of a body of seventy citizens known and styled as "The Executive Committee of the Citizens and Tax-payers for the Financial Reform of the City and County of New-York;" that said Executive Committee of Seventy was chosen at a great public meeting of the best and purest citizens of this City, and was intrusted by the people of this City with the duty, among other duties, of setting in motion the machinery of the law, (in a lawful and proper manner, and through the proper officials and proper legal and judicial agents,) for the purpose of bringing those officials and individuals to justice who are responsible for the fearful frauds whereby millions upon millions of dollars have been stolen from the public Treasury, and the people burdened with an enormous and most oppressive public debt. Deponent further says that as Chairman of such "Committee of Seventy," and as an individual, and as a citizen doing business in this City, he charges that A. Oakey Hall, the Mayor of the City of New-York, has been guilty of the following grave crimes and misdemeanors, to wit: (1) That said A. Oakey Hall, as Mayor of said City of New-York, although required by law to be vigilant and active in causing the ordinances of the City and laws of the State to be executed and enforced, and, although it is part of his legally defined duty to be responsible for the good order and efficient government of the City, yet that, contrary to the statute in such case made and provided, he, said A. Oakey Hall, connived at and knowingly permitted the public property, to wit, the funds in the public Treasury, to be converted to their own use by the persons and to the amounts specified in the deposition of one William S. Copland, now here before the Court, which deposition is hereto annexed, and also by the persons and to the amounts hereinafter specified; and further, to wit: (2) That said A. Oakey Hall, as such Mayor, although required by law to be vigilant and active as above specified; and although the above specified duties are enjoined upon him by law, and although it is further provided by law that no moneys shall be drawn from the public Treasury except for legal claims, and upon a warrant countersigned by the Mayor, yet that, contrary to the statute in such case made and provided, he, said A. Oakey Hall, willfully and intentionally neglected to investigate or examine into the correctness, justice or legality of the fraudulent claims specified in said annexed deposition of said Copland, who is now here before the Court, or into the correctness, justice or legality of the fraudulent claims hereinafter specified, and willfully and intentionally neglected to brand all such claims as fraudulent and to prosecute those who presented the same, and willfully and intentionally neglected to refuse to countersign the warrants upon which all such fraudulent claims were paid, but that, on the contrary, he did countersign all such warrants, and did thus permit the public funds to be fraudulently converted, although the vouchers therefor were unsworn, irregular and fraudulent, and corrupt upon their face, and known to be so by said Mayor when he so countersigned the same; and further, to wit: (3) That said A. Oakey Hall, as such Mayor, although required by law to be vigilant and active as aforesaid, and although such specified duties are enjoined upon him by law, and although it was provided by law, to wit, by chapter 382 of the laws of 1870, section 4, that all liabilities against the County of New-York incurred previous to the passage of that act, should be audited by him, said A. Oakey Hall, in connection with two other officials named in such law, and that the amounts which should by said auditors be found to be due should be provided for by the issuing of bonds, and should be paid by the Controller upon the certificate of said A. Oakey Hall as such auditor, and of said other two auditors, yet that contrary to law and to the statute in such case made and provided, he, the said A. Oakey Hall, willfully and intentionally neglected to investigate or examine into the correctness, justice or legality of the afore-specified fraudulent claims presented to him as one of such statutory auditors, and as such public officer, to be audited, or to ascertain whether any of them was in reality due, and willfully and intentionally neglected to refuse to audit such fraudulent claims, but on the contrary he did audit all such fraudulent claims after the date of the passage of said act, to wit, after April 26, 1870, and did, under his hand, and without any investigation or inquiry whatever, certify them to be correct, just and accurate; and further, to wit: (4) That said A. Oakey Hall has been guilty of misbehavior in his office of Mayor, and has committed therein the public wrongs hereinbefore and hereinafter specified, and specified in the annexed deposition of William S. Copland, now here before the Court; and further, to wit: (5) That said A. Oakey Hall, as such Mayor and public officer, has been guilty of acts of malfeasance in office, done with corrupt intent, in that being intrusted with powers to be exercised for the benefit of the community, he has wickedly abused the same in the particulars hereinbefore specified. Deponent further says that he bases such charges in part upon the testimony and depositions of said Copland, now here before the Magistrate, and upon the further fact that in an action in the Supreme Court of this State, in which one John Foley is plaintiff and said Mayor A. Oakey Hall and others are defendants, said A. Oakey Hall upon the 11th day of September, 1871, interposed his sworn answer, in which he, upon oath, admitted the willful neglect hereinbefore charged against him. The following is a true copy of that part of his sworn answer in which he makes such admission: "And defendant has always countersigned or attested to the validity of any warrant *without any inquiry into the nature or propriety of the claim comprehended in the warrant* beyond that afforded by the approvals already given, not only of the Controller, as the head of the Finance Department, but of the Auditor whose further duty it is by law and ordinance to investigate and settle the same, with the single exception of there appearing on the face of the warrant or the bill or the voucher, a discrepancy, an inconsistency or suggestion of error." Deponent further says that in answer to the averment of the complaint in said action with respect to the neglect in auditing fraudulent bills, as one of the three Auditors, under said section 4, of chapter 382, of the laws of 1870, said Mayor stated on oath as follows: "And this defendant further answering, avers, that whatever were the acts alleged to have been committed in folio 37 of complaint by this deponent, they were done and committed not by William M. Tweed, as Commissioner of the Board of Public Works, or as an officer of the City Government, nor by Richard B. Connolly, as Controller of the City of New-York and an officer of the City Government, nor by the defendant as Mayor or member of the City Government, but as ministerial agents and specially denominated agents of the Legislature to carry into effect certain requirements of law specially committed to their hands." Deponent further says that when a short time since copies of the accounts from the Controller's books showing the gross frauds and vast appropriations of public money (some of which are detailed in said Copland's deposition) were published, a letter purporting to emanate from said Hall, and which deponent is informed and believes was written by said Hall, and did emanate from him, appeared in the public journals of this City, in which said Hall substantially admitted that said bills so paid were apparently exorbitant. Deponent further says that he is informed and believes that in addition to the moneys specified in said Copland's deposition, moneys of the City of New-York were paid out to said Keyser & Co. during the years 1869 and 1870 upon similar fraudulent and unverified vouchers upon warrants in like manner countersigned by said Mayor, to the amount of $1,149,874 50. And that sums of money belonging to said City to the amount of $210,564 63, were in like manner, and upon like unverified, irregular and fraudulent vouchers, paid to said Ingersoll during the years 1869, 1870 and 1871, and that sums of money belonging to said City to the amount of $126,164 90 to Andrew J. Garvey, and to the amount of $75,129 64 to Geo. J. Miller, were in like manner, and upon like unverified, irregular and fraudulent vouchers paid out during the year 1871. And that all of the warrants for such sums were countersigned by said Mayor A. Oakey Hall. And deponent prays that said Ingersoll, Keyser, Garvey, and Miller may be subpœnaed and compelled to testify with respect to such charges, and to produce their books of account and put them in evidence, and that the vouchers, warrants, certificates, and books in the Controller's possession or under his control, may, in like manner, be produced and put in evidence. And deponent charges that as to said last-named sum, paid from the City Treasury—to wit, the sum of $1,149,874 50 paid to and received by Keyser & Co.; the sum of $210,564 63 paid from said City Treasury to and received by said Ingersoll; the sum of $126,164 90 paid from said City Treasury to and received by said Garvey, and the sum of $75,129 64 paid from said City Treasury to and received by said Miller—deponent has reasonable and probable cause to believe and charge that said A. Oakey Hall, Mayor of said City, knowingly permitted said Keyser & Co., Ingersoll, Garvey and Miller, fraudulently to convert said respective sum, or the greater part thereof, to their own use. Wherefore deponent prays that a warrant may issue for the apprehension of said A. Oakey Hall, and that he may be dealt with according to law.

H. F. SPAULDING.

Subscribed and sworn to before me this 2d day of October, 1871.

B. H. BIXBY, Police Justice.

FOURTH DISTRICT POLICE COURT.—*State of New-York, City and County of New-York ss.*—William S. Copland, being duly sworn says, that he resides at No. 246 East Thirty-second-street, in the City of New-York. That during nearly all of the year 1870 deponent was employed in the Controller's office of the City and County of New-York, in the County Bureau therein, as clerk. Deponent's duties were to assist the book-keeper and to perform such other services as might be required of him. One of deponent's principal duties was to file away the vouchers of paid claims in what is called the tills, that is the cupboard, or closet where such vouchers were kept. That thus deponent saw, inspected and became familiarly acquainted with large numbers of the vouchers for claims which were paid in the year 1870, and particularly with the vouchers for the claims presented by, and paid during said year, to the following-named persons and firms, to wit: Ingersoll & Co., Andrew J. Garvey, Keyser & Co. and George T. Miller. There was paid to said firm of Ingersoll & Co., during said year 1870, by warrant on the Broadway Bank, from said Controller's office, the following specified sums upon the following specified dates, and for the materials as alleged and stated in said Controller's books, to have been furnished as follows:

[Here follow all of the items of Ingersoll's account, showing a total of $1,251,239 47.]

Deponent personally saw, inspected and was acquainted with the greater part of the vouchers presented by said Ingersoll & Co., upon which said sums were so paid, and deponent personally saw, inspected and was acquainted with all the warrants for said respective sums delivered to and received by said Ingersoll & Co., and upon which said Broadway Bank paid said respective sums to said Ingersoll & Co. The vouchers, previous to the passage of chaper 382 of the Laws of 1870, which was April 26, 1870, were certified to as correct by Joseph B. Young as the Clerk of the Board of Supervisors. Subsequent to the passage of that act, such vouchers were certified to as correct by the persons named in such act to wit, the Mayor, A. Oakey Hall, the Controller, Richard B. Connolly, and the then President of the Board of Supervisors, William M. Tweed. Deponent in examining such vouchers was struck with the fact that they were not sworn to, as is customary with all honest claims which are presented to the Finance Department for payment, and as required by chapter 420 of the Laws of 1847 and the printed rules of the Finance Department, which is in the following words to wit: "All accounts or claims for supplies or materials furnished or services performed must be rendered in the form prescribed by the Controller, and verified in conformity with the requirements of law and the ordinances of the Board of Supervisors." There was no affidavit or other proof of the correctness of the bills or of the truth of the statements therein contained as to the supplies alleged to have been furnished. The said vouchers were fraudulent upon their face in that it was utterly impossible that the furniture, cabinet-work and fittings up therein itemized as having been furnished to the County Court-house, could have been supplied to or used upon any one or any dozen buildings, but were sufficient to have filled to repletion very many such buildings as the County Court-house. The mode and manner in which such bills were presented and paid were as follows: The vouchers were audited by the then County Auditor, James Watson, since deceased, and with his audit thereon, and with the audit of the Board previously referred to, were, by said Watson, delivered to the book-keeper with instructions to prepare the warrant. The certificate of the previous audit by the Board of Supervisors, signed by the Clerk of the said Board, if before April 26, 1870, or of the Mayor or Controller and William M. Tweed if after that date, was affixed at this time to the voucher. Deponent is acquainted with the signatures of said officials, to wit, of Hall, Tweed, Young, and Connolly, and knows that their respective names were attached to such respective certificates, so auditing and certifying to the correctness of said respective vouchers and bills, and that the signatures thereto were in the handwriting of said respective officials. The certificate of said late County Auditor was affixed by stamping the same across the voucher upon the outside thereof. The book-keeper thereupon prepared the warrant, and it was laid before the Controller, with the said audited vouchers, and said Controller thereupon signed the same. The said audited vouchers, together with said warrant, so signed, were then sent over to the Mayor, the said A. Oakey Hall, who, with said unsworn vouchers, so fraudulent upon their face, before him, counter-signed the said warrant, and thereafter said warrant was signed by said Young, as Clerk of the Board of Supervisors. The said warrant was then delivered to said Ingersoll & Co., which firm was invariably represented by James H. Ingersoll, and the vouchers were filed away in the cupboard aforesaid. Subsequently, and after said warrants went through the Bank, the same were returned to the Chamberlain, and by that official returned to the Controller's office, where they were filed with the said vouchers. The entries upon the Controller's books were made immediately after the completion of the signatures to the warrant, and prior to its delivery to said Ingersoll, or to any other party claiming money from said Department. Such entries upon the books gave no specification of the work done or materials or supplies furnished, but were confined to the names of the persons to whom the warrants were made out, the date and amount of the payment, and the general character of the work done, or materials or supplies furnished. All of said warrants so paid to said Ingersoll & Co., when returned to the Controller's office, as paid by said Broadway Bank, bore the indorsement of said Ingersoll & Co., signed by said J. H. Ingersoll, whose handwriting was familiar to deponent. Deponent also saw all the warrants delivered to the parties hereinafter named during the years 1869 and 1870, and upon which the sums hereinafter specified were drawn from the public Treasury. Deponent also saw many of the vouchers upon which such warrants were issued during the year 1869, and saw, also, inspected, and was familiar with nearly all the vouchers upon which such warrants were issued during the year 1870. Such vouchers were audited and certified to in the same manner as previously detailed, and such warrants were signed, countersigned and delivered in the same manner and by the same officials, and with the same character of vouchers before such officials as so previously detailed. All of said vouchers were in like manner unverified, without any affidavit or other sworn proof of their correctness, and were in like manner fraudulent upon their face.

To said Ingersoll the following sums were paid by such warrants, (upon such vouchers), at the following specified dates in 1869. to wit:

[Here follow Ingersoll's items for 1869, aggregating $1,351,849 05.]

To one George S. Miller there were paid the following sums by such warrants (upon similar vouchers) at the following specified dates in 1869, to wit:

[The details of this account amount to $330,879 42.]

The warrants for these sums were returned to the Controller's office, (after payment,) bearing the indorsement of said Ingersoll.

To a firm named C. D. Bollar & Co., (which as deponent is informed and believes, does not exist, there being but a person of the name of Conrad Boller, who has no middle name and no "company," and who spells his name Boller with an "e" and not an "a,") there were paid the following sums by such warrants, (upon similar fraudulent vouchers,) at the following specified dates in 1870:

[The total of these details is $583,520 14.]

The warrants for these sums were also returned to the Controller's office (after payment) bearing the indorsement of said Ingersoll.

To one A. G. Miller there were paid the following sums by such warrants (upon similar fraudulent vouchers) at the following specified dates in 1869:

Sept. 28	—Paid for Repairs to County Offices and Buildings, July 2, 1869	$48,798 63
Dec. 20	—Paid for Repairs to County Offices and Buildings, March 8, 1868	34,785 03
Dec. 20	—Paid for Repairs to County Offices and Buildings, July 7, 1868	18,222 47

To Ingersoll, in the name of one J. A. Smith, (who, as deponent is informed, and believes, is a fictitious person, as he cannot be found after thorough investigation,) there were paid the following sums by such warrants (upon similar fraudulent vouchers,) at the following specified dates:

[The total of these details is $511,685 78.]

The warrants for these sums were also returned (as were the warrants for the sums paid A. G. Miller,) to the Controller's office, (after payment,) bearing the indorsemrnt of said Ingersoll.

To George S. Miller and A. G. Miller there were paid the following sums by such warrants (upon similar fraudulent vouchers) at the following specified dates in 1870:

[The aggregate of Geo. S. Miller's items is $1,063,428 57. The total of A. G. Miller's accounts is $502,838 18.]

March 28	—Paid for Repairs in Armories and Drill-rooms, Aug. 28, 1869	$49,742 45
March 31	—Paid for Repairs in Armories and Drill-rooms, Oct. 20, 1869	38,818 84
April 16	—Paid for Fitting up Armories and Drill-rooms, Oct. 2, 1869	22,612 10
June 24	—Paid for Cabinet-work in Court-house, Jan. 9, 1870	49,082 30
June 27	—Paid for Cabinet-work in County Buildings and Offices, March 29, 1870	85,163 22
June 30	—Paid for Cabinet-work in Court-house, April 2, 1870	59,932 01
Aug. 1	—Paid for Cabinet-work in County Court-house, Oct. 8, 1869	69,537 68
Aug. 9	—Paid for Cabinet-work in Armories and Drill-rooms, April 16, 1870	77,949 58

The warrants for these sums were also returned to the Controller's office, (after payment,) bearing the indorsement of said Ingersoll.

To Andrew J. Garvey there were paid the following sums by such warrants, (upon similar fraudulent vouchers,) at the following specified dates in 1869 and 1870:

[Garvey's account foots up $2,870,464 06.]

To Keyser & Co. there was paid the following sums by such warrants, (upon similar fraudulent vouchers,) at the following specified dates, in 1869 and 1870:

[Here follows a list of items amounting in all to $1,231,817 76.]

To James W. Smith there was paid the following sums by such warrants, (upon similar fraudulent vouchers,) at the following specified dates in 1869 and 1870:

1869.		
July 28	—Paid for Awnings, &c., for County Buildings	$23,553 51
1870.		
June 10	—Paid for Awnings for New Court-House	18,193 32
Grand Total		**$41,746 83**

Deponent further says that A. Oakey Hall, Mayor of said City, knowingly permitted said Ingersoll, Garvey, Keyser, Miller, Boller, and J. W. Smith to convert the public property, to wit, the public funds, to his and their own use by means of the said false and fraudulent vouchers, and by auditing such false and fraudulent vouchers, and countersigning such warrants as aforesaid. Said Mayor knew that it was utterly and physically impossible that awnings to any such value as $18,193 32, or to one-quarter of such value, could have been placed upon the windows of a single building, to wit, the new Court-house, and the voucher stating that awnings to that amount and value had been placed upon such building was plainly wicked and grossly fraudulent upon its face.

The same is equally true with respect to the sum of $23,553 51 fraudulently converted to his own use in precisely the same manner, by said J. W. Smith, for awnings for the County buildings, as said County buildings (apart from said Court-house) consist of but a few buildings.

Said Mayor also well knew that it was utterly impossible that carpets to any such value as $350,178 46, or to one-twentieth of such value, had been or could have been placed upon the floors of a single building, to wit, said new Court-house, (the real value of such carpets having been, as deponent is informed and believes, estimated by a prominent carpet-dealer of this City at but $13,357 15) and the vouchers stating that carpets to the amount and value of $350,178 46 had been placed upon the floors of said building were plainly wicked and grossly fraudulent upon their face.

Said Mayor also well knew that it was utterly and physically impossible that furniture to any such value as $1,476,913 52, or to one tenth of such value had been or could have been placed in a single building, to wit, said new Court-house, and the vouchers stating that furniture to that amount and value had been supplied to said new Court-house were plainly and unmistakably wicked and grossly fraudulent upon their face.

The same is equally true of the charge of $36,987 25, paid June 6, 1870, for the single article of shades, alleged by J. A. Smith, or by Ingersoll in his name, to have been furnished to the County buildings. At even a charge of $12 a window, it would require over 3,000 windows to justify such a charge. And the Mayor well knew that there were not nearly 500 windows in said County buildings.

The same is equally true of the charge of over $500,000 for the single item of plastering, alleged by said Garvey to have been done upon said County Court-house, and the charge of upward of $100,000 for repairing the very plastering which, when originally put on, was so charged for at but a little over $1000,000, was plainly and palpably wicked and flagitious in the extreme. And it is utterly impossible that the Mayor should not have known that mere repairs to plastering, and that plastering almost new, should not cost over double the amount originally paid for the entire plastering of the building.

The same is equally true of the charge of upward of $500,000 for the single item of repairs to carpenter-work upon said County Court-house and County buildings during the years 1869 and 1870, alleged by said Geo. S. Miller to have been done and performed by him and paid to him. Other facts tending to show that the Mayor had full knowledge that said parties were fraudulently converting to their own use the funds of the City, are that said vouchers and warrants were repeatedly presented to said Mayor in large numbers and quantities, and for extraordinary sums, upon the same day, as follows:

Upon May 21, 1870, he signed nine separate warrants for sums amounting in the aggregate to $417,994 10, payable, five to Ingersoll, one to Miller and three to Garvey. Two days later he signed three warrants for sums amounting in the aggregate to $76,086 11, payable all to Keyser & Co. Four days later he signed another warrant for $125,830 56, payable to Ingersoll, and another warrant for $40,870 45, payable to said Garvey. The very next day he again signed three warrants for sums amounting to $153,760 74, payable to Ingersoll; another on May 30, 1870, to Garvey, amounting to $40,870 45, and another to Geo. S. Miller, on May 28, 1870, amounting to $39,361 21. Two days later—that is, on May 30, 1870—he again signed a warrant for the sum of $68,288 82, payable to Ingersoll, and another to Garvey for $40,895 34. Four days later he signed two warrants, amounting to $117,205 77, one payable directly to Ingersoll, and the other to J. A. Smith. On the same day he signed three warrants for $125,522 22, payable to Garvey. Three days later he signed thirteen warrants for $395,694 27, four of which were payable to to Keyser, four to Garvey, for $166,961 26, two to Miller and three to J. A. Smith. Four days later he signed seven warrants for $326,590 56, three of which were payable to Garvey, for $108,079 15; one to Ingersoll, for $69,719 10; one to Boller, for $67,487 21; one to Miller, for $44,474 30; and one to Keyser, for $36,830 80. Three days later he signed three warrants—one to Ingersoll, for $98,259 07, and two to Garvey, for $92,827 38. Four days later he signed three warrants for $136,891 92—two to Garvey, for $88,123 71, and one to Miller, for $48,768 21. Three days later he signed five warrants for $246,113 20—one to Ingersoll, for $66,292 33; two to Garvey, for $87,901 61; one to Miller, for $40,965 41, and one to Keyser, for $50,953 85. Four days later he signed two warrants for Garvey, amounting to $89,140 13. Three days later he signed four warrants for $232,757 41—one to Ingersoll for $58,330 93, one to Geo. S. Miller for $44,874 59, one to A. G. Miller for $85,163 22, and one to Keyser for $44,388 67.

Three days later he signed ten warrants to the same parties for $432,118 40, two to Ingersoll for $83,173 32, two to Geo. S. Miller for $76,297 53, two to Garvey for $88,998 37, one to A. G. Miller for $59,932 01, two to Boller for $86,280 30, and one to Ingersoll, in J. A. Smith's name, for $37,426 87. The same character of these transactions pervades the entire two years of 1869 and 1870, and the said Mayor rarely signed such warrants upon the days when large numbers of warrants for wages and salaries were signed, but such fraudulent warrants were, in the great majority of instances, sent over for his signature by themselves, and apart from all other warrants, so that he could not have been confused when he signed such fraudulent warrants by the pressure of any duties upon ordinary pay roll warrants.

THE INJUNCTION MODIFIED.

Full Provisions for Defraying the Expenses of the Various Departments—The Payment of the Fraudulent Claims Forbidden—Judge Barnard's New Order in Full.

At 12 o'clock yesterday, Judge Barnard took his seat on the bench, as he had previously announced that he would do, for the purpose of delivering his decision in reference to the settlement of the order of injunction against the City officials, copies of the propoeed form of which had been previously submitted to him by the respective counsel of Mr. Foley, the plaintiff in the case, and of the defendants. There were present in Court, of counsel representing Mr. Foley, Francis C. Barlow, Wheeler H. Peckham and A. R. Lawrence; on the part of the defendants, Mr. Dean, of the Corporation Counsel's office.

Judge Barnard said: In settleing this order, gentlemen, I took portions of the three orders as presented to me, and have selected such portions of the three as were printed, which in my judgment bear on the case, and have added still further provisions which will be found therein.

The effect of this injunction, as now settled by the Court, seems only to restrain the payment of fraudulent and unlawful bills against the City, leaving all the regular Departments in full operation and permitting the raising of money to carry them on as provided by law. It restrains the auditing or payment of claims against the City greater in amount than the sums set apart by the Board of Apportionment in conformity with the act of 1871, which necessarily excludes the new Court-house frauds. It restrains the Controller from issuing any bonds to raise funds to pay claims against the City by the New-York *Transcript* Association, the New-York Printing Company, and the Manufacturing Stationers' Company. It does not restrain the Controller from raising, under authority of the Board of Apportionment, funds authorized by the act of 1871, not exceeding $5,000,000 on the consolidated stock of the City and County falling due in 1871, for the payment of the Bounty debt; nor does it restrain the Department of Parks, or the Department of Docks, or the Department of Public Instruction, or the Department of Public Charities and Correction, the Fire Department, Police Department, or Health Department, from exercising all powers conferred on them by law; nor does it restrain the Controller from raising on requisition of those Departments, bonds, the sums which by law they are authorized to require; nor does it restrain the Board of Apportionment, as now constituted by law, from exercising their functions; nor does it restrain the proper Departments or officers of the Government from carrying on works of public improvement, nor prevent the Controller from raising and paying the necessary funds therefor.

It does not restrain the sale of bonds to raise money for the payment of Police, officers of Health Department and prosecution of public works. But it does prohibit the raising of money by the Supervisors for the building of the Ninth Judicial District Court-house in this City or the Police Court-house named in laws of 1871, chapter 202.

It provides that no bonds shall be issued for any of the purposes herein permitted without the signature of Andrew H. Green across their face; nor until further orders shall any warrants issue for the payment of moneys out of the City Treasury unless by approval and concurrence of the Deputy Controller.

The terms of the injunction may be modified on the application of any of the parties hereto, or any of the Departments of the City or County affected thereby on a motion of two days to plaintiff's attorneys.

The following is the formal order in full:

At a special session of the Supreme Court, held at Chambers, in the Court-house, in the City of New-York, on the 29th day of September, 1871, present George G. Barnard, Justice:

John Foley *vs.* The Board of Supervisors of the County of New-York, the Mayor, Aldermen and Commonalty of the City of New-York, A. Oakey Hall, Richard B. Connolly, William M. Tweed and Peter B. Sweeny.—The motion on the part of plaintiff to continue the injunction order heretofore granted in this action on the 7th day of September, 1871, coming on to be heard at the return of the order to show cause contained in the said injunction order, on reading the said injunction order and the complaint and affidavit of the plaintiff, heretofore filed on the part of the plaintiff, and on reading and filing the affidavit of the defendant, the Board of Supervisors of the County of New-York, the answer and affidavit of the defendant, A. Oakey Hall, the demurrer of the defendants, the Mayor, Aldermen and Commonalty of the City of New-York, the two affidavits of Richard L. Storrs, and the affidavits respectively of Archibald McLaughlin, Chas. E. Wilbour, Cornelius Corson, and Wm. M. Tweed, on behalf of the defendants, the Mayor, Aldermen and Commonalty of the City of New-York, the answer and affidavit of the defendant, A. Oakey Hall, on his own behalf, the affidavit of the defendant, Richard B. Connolly, on his behalf, and the affidavit of the defendant, Wm. M. Tweed, on his own behalf, and after hearing John H. Strahan and Geo. C. Barrett in support of said motion, and Richard O'Gorman, of counsel for the defendants, the Board of Supervisors of the County of New-York, the Mayor, Aldermen and Commonalty of the City of New-York, A. Oakey Hall and Peter B. Sweeny, and Wm A. Beach, of counsel for the defendant, Richard B. Connolly, and W. O. Bartlett, for the defendant, Wm. M. Tweed, in opposition thereto.

Now, on motion of Francis C. Barlow, attorney for the plaintiff, it is ordered that the injunction heretofore issued as hereinafter modified be continued, and accordingly it is ordered that the defendant, the Board of Supervisors, be, and it is hereby restrained and enjoined from auditing or ordering to be paid, claims against the County of New-York to a greater amount than the sums which shall be set apart by the Board of Apportionment mentioned in the third section of the act of the Legislature of the State of New-York, entitled "An Act to make provision for local Government of the City and County of New-York," passed April 19, 1871, and be set apart and apportioned as therein provided.

And it is further ordered that the defendants, the Mayor, Aldermen and Commonalty of the City of New-York, and its various officers, agents and departments, be, and they hereby are restrained and enjoined from incurring any expense, whether the object of expenditure shall have been ordered by the Common Council of said City or not, unless an appropriation shall have been previously made by the aforesaid Board of Apportionment covering such expense, and from auditing or ordering to be paid claims against the City to a greater amount than the sums which shall be set apart by the said Board of Apportionment during the year 1871, for the purposes of the said City, or the government thereof, during said year, in accordance with the provisions of the third section of the said statute.

And it is further ordered that the Controller of the City and County of New-York be and he hereby is restrained and enjoined from paying any claims against either the City or County of New-York, unless the same shall have been first audited as required by law, and from paying any such claims in excess of the amount set apart for such purposes by the aforesaid Board of Apportionment in accordance with the provisions of the third section of the said statute, and from paying or issuing any bonds, or raising any money for the purpose of paying any claims, accounts, debts, or bills contracted with or incurred by the New-York *Transcript* Association, the New-York Printing Company, and the Manufacturing Stationers' Company, or any or either of them, or any person or persons for or in their behalf, or for or in behalf of any or either of them, for work or printing or advertising done by them or either of them, or goods sold and delivered by them or either of them to or for the City or County of New-York, or to or for any department or purpose of the said City or County; and it is further ordered that the Controller of the City of New-York be and he hereby is restrained and enjoined from raising as Controller, by any means whatever, during the year 1871, in the name or on the credit, or on behalf of the County of New-York, or the Mayor, Aldermen and Commonalty of the said City, any sum or sums of money for paying or providing for the payment of the expenses of the Government of the City and County of New-York, or any department or purpose of said City or County, for the year 1871, except as hereinafter mentioned.

And it is hereby declared that nothing herein contained is intended to or does enjoin the Controller of the City of New-York from raising, with the consent and approval of the said Board of Apportionment, under and by virtue of chapters 322 and 323 of the laws of 1871, on the consolidated stock of the City or County of New-York, a sum not exceeding $5,000,000 to pay off and cancel the bonds or stocks of said City and County falling due in the year 1871, and also the amount required to be raised in said year for the annual installments on said stocks of said City, and to meet the requisitions on the County of New-York by the State for the payment of the bounty debt in said year; or is intended to or does restrain the Department of Parks or the Department of Docks, or the Department of Public Instruction, or the Department of Public Charities and Correction, Fire Department, Police Department, and Health Department, from exercising in their discretion all powers conferred upon said Departments respectively, or to restrain said Controller from raising on their requisition, upon bonds, the sums which, by law, said Departments are authorized to require, or from expending for such purposes the sums so raised upon such bonds, nor to prevent the Mayor, the Controller, the Commissioner of Public Works, and the President of the Department of Public Parks from meeting as heretofore as a Board of Apportionment, and on any requisition from the Department of Public Parks or the Department of Docks, or the Department of Public Instruction, or the Department of Public Charities and Correction, ordering the issue of any bonds authorized by statute for the providing of funds for the use of either of said Departments or for the negotiation and sale of any bonds so authorized, nor is intended to or does restrain the proper Departments or the officers of the Government of the said City or County from performing all and every duty, or executing and performing all and every work, necessary and proper, which they are duly authorized to execute and perform, the expense of which, in whole or in part, is to be provided for from assessments imposed, or to be imposed, upon the properties intended to be benefited by such improvements; or to prevent the said Controller from raising, with the consent and approval of the said Board of Apportionment, upon the bonds of the said City or County, such sums as may be necessary to pay or provide all the expenses already incurred, or which may hereafter be incurred in the execution of such improvements, including the expense of proceedings to acquire title to property taken or required to be taken for public use; the said bonds so to be issued to be paid from the assessments imposed or to be imposed as aforesaid; nor is it intended to prevent the issuing and disposing of any bonds of the City of New-York, so far as it affects the raising of any moneys to be applied by said Police Department and Health Department of the City of New-York toward the payment of the members of the Police force and the officers, clerks, and employes of their respective Departments, or toward the prosecution of any public work under the care or control of either of said Police or Health Departments.

Further it is ordered that nothing contained in any injunction rendered in this action shall be held or construed as a restraint upon the Controller of said City or the Board of Apportionment therein, from issuing any bonds of said City and County of New-York or taking any measures for the purpose of raising money, for which requisition has been made by the said Police Department and Health Department of the City of New-York, for which said Departments may hereafter deem necessary to pay and satisfy for the actual and legal expenses of the said Departments, and of each of said Departments. And it is further ordered that the Board of Supervisors of the County of New-York is hereby enjoined and restrained from levying or raising by taxation any sum or sums whatever for the erection or completion of the Court-house in the Ninth Judicial District of New-York, mentioned in chapter 410 of the laws of 1870, and chapter 44 of laws of 1871, or for the erection or occupation of the Police Court-house mentioned in chapter 202 of laws of 1870, and chapter 55 of laws of 1871; and from levying or raising any sum or sums for the payment of the principal or interest of any bonds issued or to be issued for the erection or completion of any such Court-houses, and from auditing or ordering to be paid any claims on the City or County of New-York for the erection or completion of said Court-houses.

But nothing hereinbefore contained shall authorize the issue of any bond or bonds for or in behalf of the Mayor, Aldermen, or Commonalty of the City of New-York, or for or in behalf of the County of New-York, or for which the Mayor, Aldermen, and Commonalty of the City of New-York or the said County of New-York shall be subjected to liability without the approval of the Deputy Controller, Andrew H. Green, Esq., said approval to be evidenced by his writing across the face of such bond or bonds "Approved—Andrew H. Green, Deputy Controller," and the issuing and delivery of such bond or bonds is hereby expressly prohibited without such written approval, and until otherwise ordered in this action, no payment shall be made by the Controller of the City and County of New-York, nor shall any warrant or warrants for the payment of money be issued by him as such Controller without the approval and concurrence of said Deputy Controller.

In case the public interests shall at any time seem to require a further modification of this order, leave is hereby granted to any of the parties to this suit, and to any of the Departments of the City and County of New-York, or said Deputy Controller, to apply to this Court for such modification, on a notice of two days to the attorney for the plaintiff herein.

GEORGE G. BARNARD.

THE POLICE PAY.

Refusal of the Tenth National Bank to Advance the Money—Patriotic Action of Citizens and Other Banks.

Although the Tenth National Bank is and has been for a long time a pet of the Ring plunderers, and its vaults choked with the spoils of the Municipal thieves, it appears not to have disgorged any of its vast deposits to help any one of the Departments of the City Government out of the strait in which all have been placed by the rascality of our rulers. The fact that this bank, which is alleged to be, in truth, William M. Tweed in a corporate capacity, was entirely useless to the City in the recent exigency, was signally shown, yesterday, by the failure of Mr. Thomas J. Barr, Treasurer of the Board of Police, to obtain from it the money necessary to pay the salaries of the Police Department for the month of September, amounting to about $275,000. Mr. Barr seems to have endeavored to get the bank to advance this amount upon the requisition which had been drawn upon the Controller's office, and yesterday afternoon received the following:

TENTH NATIONAL BANK,
NEW-YORK, Oct. 2, 1871.

Hon. Thos. J. Barr, Treasurer:

Dear Sir: The Deputy Controller declines to fix definitely a day upon which he will draw a warrant to cover requisition of the Department of Police to pay salaries and expenses for the month of September. Yours truly, W. B. PALMER, Cashier.

Immediately after receiving this letter, Mr. Barr announced to the Captains who were present in his office that he could not say when the funds for the payment of the Force would be obtained. Capt. Hedden, Twenty-first Precinct, and Capt. Clinchy, Twenty-third Precinct, had made arrangements with the Murray Hill Bank to cash the checks for the pay-rolls of their precincts, as the bank had offered to take the checks and hold them for several days. But this vagueness startled the Captains, and not being certain but that the bank would also be unnerved by it, they left without their checks. Previous to this revelation of the utter helplessness of the Board of Police in a financial crisis, and of the declination of a bank bursting with the people's money to advance a dollar for the convenience of the most important branches of the public service, some public-spirited citizens or banks had already come forward to the relief of the Department. Messrs. Harper & Brothers volunteered to, and did, cash the check of Capt. Allaire for $6,538 12, to pay the Fourth Precinct Police, in which precinct their Franklin-square building is situated; Justice Dowling cashed the check of Capt. Kennedy, amounting to $6,866 28, to pay the Sixth Precinct; the Stuyvesant Bank advanced Capt. Irving $2,549 47 for the payment of the detective squad; the West Side Bank cashed the check of Capt. Caffry for the payment of the Twentieth Precinct, amounting to $6,982 47; the Shoe and Leather Bank paid $8,186 20 on the check of Capt. Wilson to pay the Thirty-second Precinct, and Capt. Walsh, Fourteenth Precinct, himself advanced $6,424 to pay his command.

Late in the day Mr. Barr announced that Deputy Controller Green had been in consultation with the officers of the Tenth National Bank, and he thought it probable that arrangements would be made by which the requisition of the Police Department would be paid in full on or before Thursday next. Meantime the modification of Judge Barnard's injunction order removes the restraint under which it was impossible for the proper authorities to make provision for the payment of the Police and other Departments.

Pay for the Fire Department.

It was announced yesterday afternoon at Firemen's Hall, that no funds had yet been obtained to pay the firemen the salaries due for the month of September, amounting in the aggregate to $65,000. Mr. White, the Secretary of the Commissioners, was not able to give any information as to whether any arrangement had been made by which the Department would be paid. Judge Barnard's modified injunction paves the way for the payment of the gallant men of the Department.

THE CITY EMPLOYES.

Further List of Names on the Pay-Rolls—Departments of Finance and Buildings, City Courts—Boards of Revision and Correction, and Assessors—Market Cleaners.

The *Tribune* of yesterday admitted that after the most persistent efforts of its reporters to get the City pay-rolls, it had utterly failed, owing to the complication of the Controller's books. Where the *Tribune* failed, however, the Times was rewarded with abundant success, and the fruits of our efforts appeared in our issue of yesterday. Today the list is continued, and there is no doubt that it will be read with avidity. The names given below are of the same character as those published yesterday, many of them being fictitious and representing men well known in the City. In one or two instances the names of persons long deceased still remain upon the pay-rolls, and Tammany Hall, instead of obtaining simply its percentage from its appointee, draws the whole amount of the dead man's wages. The clerks in the Finance Department are paid very handsomely, but besides their monthly stipend, many of them receive nearly as much more for collecting arrears of assessments, &c. The greatest number of sinecures will be found in Mr. Tweed's little bureau, and in the Department of Buildings and City Courts. In the Department of Buildings they will be seen designated as inspectors, and in the Courts as clerks and attendants. Among the most favored of Tammany's pets yet discovered seem to be the following persons: Mr. H. Starkweather, father-in-law to Gov. Hoffman, and Collector of Assessments, receives two and one-half per cent. on all collections, and averages about $20,000 per month; Cornelius Corson, besides his share of the immense stealings of the New-York Printing Company, receives $10,000 a year as clerk to Commissioners for Building the Ninth District Court-house; Thomas Dunlap receives one and one-quarter per cent. as commission on collections. This was formerly only three-quarters per cent., but through the influence of Charles E. Loew it was some time ago increased so as to bring in a revenue to Mr. Dunlap of fully $30,000 per annum, a greater part of which, of course, goes to support Tammany, as does the greater portion of the sums received for dead men and sinecures. Mr. Charles H. Hall, the ornamental Clerk of the Tombs Police Court, in addition to his pay as Clerk of the Court, received $375 for the month of January as Clerk to the Commissioners for Building the Third District Court. But the champion office-holder of the whole array, who has actually had the coolness and assurance to give his real name and defy detection, is the worthy father-in-law of Senator Henry Genet, Mr. George H. E. Lynch. Mr. Lynch is paid $583 33 per month as Assistant Clerk to the Commissioners of the Ninth District Court-house swindle; $250 per month as Messenger to the same Court; and $333 33 per month as clerk to Judge McQuade at the Harlem Police Court. It will thus be seen that Senator Genet's industrious father-in-law gets $1,166 66 a month out of the City Treasury for his invaluable services. Just before the first quarter of this year the salaries for all appointed offices were increased, but all over $5,000 were afterward reduced 20 per cent., which will about bring them back to the old standard. The lists subjoined will be found complete and will doubtless create as great consternation among the receivers of such ignoble gifts as was made in their midst by the publication of the lists of yesterday:

UTAH.

The Prophet's Institutions in Danger—Brigham Forsook the Church for Lucre—The Brethren Have No Financial Confidence in Him—The Troubles with the Judiciary.

From Our Own Correspondent.

SALT LAKE CITY, Monday, Sept. 25, 1871.

The *Review*, a lively paper recently started here, is following the example of the TIMES, and is demanding of our city authorities an account of their stewardship. There are no such stealings possible here as those which have nearly ruined your City; but in its proportions, and for its opportunities, the Salt Lake City Council has received more money and done less with it than any city in Christendom. It is not believed that there is a "Ring" living by this plunder—the lynx eye of BRIGHAM is over everything; but that he himself controls and uses every dollar that reaches the city Treasury, beyond the daily expenses of the municipality, no one doubts.

As no statement of our city affairs is ever published, nothing definitely can be stated of the income, but it must be very large. The licenses for business are fearfully high, and, what is worse, are left to the discrimination of the City Council to decide their amount. Thus, a Gentile pays one figure, and a Mormon pays another—the fathers justifying the discrimination by locality at one time, or by the wealth of the firm at another, the favor, of course, always inclining to the brotherhood.

As head of the Church and Trustee in trust, BRIGHAM YOUNG sets the City Council this example. His Tithing Office is in the receipt of an income of over a million and a half of dollars, wrung from the hard earnings of this terribly-oppressed people, and he renders no account whatever. With the coolest impudence, he tells the people in the Tabernacle, "The books of the Tithing Office are open for your inspection at any moment; those who are interested can examine them!" He has extended the same régime to the City Government; no account of receipts and disbursements is ever published, but those interested are told that they can look at the books. To the most of the people, as, indeed, to every one, this institution is about as sensible and promising of satisfaction as the invitation to number the stars in the firmament. But the end to all this is drawing nigh.

The people are awakening to a sense of their slavery and degradation, and the shackles must burst. BRIGHAM's rule has been that of an ignorant fanatic. He has believed that he could rule with a rod of iron, but he discovers his folly when it is too late, and his opportunity has passed for redeeming his blunder. There is nothing more certain than the fact that the people are without their former faith in him. He has evidently abandoned the interests of the Church for his own secular advantages entirely.

In former years he was a devoted missionary among the people, and three years ago he announced his intention of withdrawing from all secular pursuits, and devoting the remainder of his life to comforting the Saints. At that time he was greatly troubled in his financial affairs. He had built a long line of the Pacific Railroad and could not get his money. The poor Mormons who had left their farms and workshops to build the railroad at his bidding could not get their pay, and they were dunning him as much as they dared; some even went so far as to enter a suit against him, and then he came to time. But BRIGHAM's heart was heavy, and he sickened of worldly speculations and resolved to be a saint in very deed. To add to his troubles he accepted a settlement of his claims with the Northern Pacific Railroad Company and took iron and rolling stock, and so built the railroad from Ogden to this city. Everything was seemingly against him; there was no bus'ness in the city, and he could do nothing with the railroad bonds to extricate him from his muddle.

The bonds of the Utah Central could not bring more than forty cents on the dollar in cash. Their general price was thirty-five cents. The poor people who had been paid in Utah Central bonds were thus sacrificed where they were forced to sell. BRIGHAM had the impudence to offer cattle, horses, wagons, lands, or anything the Church possessed, to those creditors for his own Utah Central bonds at eighty cents on the dollar! All who were indebted to the Church for tithing or for emigration aid, or for anything of this kind, could settle up with Utah Central bonds at eighty cents. In this "new way of paying old debts," BRIGHAM, as Trustee in trust, became possessor of the larger number of the Utah Central bonds for almost nothing; for BRIGHAM YOUNG, the man, and BRIGHAM YOUNG, the Trustee in trust, have a running account with each other, and whenever it is necessary they balance relationships with the pen. Thus BRIGHAM, the Trustee in trust, got the bonds for a mere trifle, when they were at the very lowest figure, and when they became valuable BRIGHAM, the Trustee, handed them over to BRIGHAM, the man, at the same figure. Had the Utah Central been a total loss the Church would have been saddled with it, as one of the things which had to be done to give the people work; as the great discovery of wealth in these mountains have since made the Utah Central a splendid investment, BRIGHAM is the gainer, and thus it is with the Prophet and the people. He holds the copper, twirls it from his thumb, and cries out when it is in the air, "Heads I win, tails you lose."

BRIGHAM YOUNG and his two sons, JOSEPH A. and JOHN W., have made a large amount of money out of this railroad business, and own the controlling stock; the remainder is in the hands of a few other men who have been convenient tools, and had to be held; but the people who first labored on the Union Pacific and did not get their money, and then on the Utah Central, and did not get it there, and had to mortgage their property to live—many of them had to sell their bonds at a little more than a third of their face value to redeem their homesteads. Such are the facts.

Now that he has realized the power of this sudden wealth, the Prophet has abandoned his former resolution to devote himself to the spiritual welfare of his brethren and sisters, and is building railroads all over the country. He is now up to the eyes in commerce with Zion's Co-operative Institution, and after squeezing HOOPER & ELDREDGE to death with suggestions and importunities, he gobbles up their little one-horse banking firm, and organizes the Bank of Deseret, and makes himself its President, an institution that has as many chances of success as the State of Deseret, with BRIGHAM YOUNG its Governor. Few, if any, of the Gentiles will do any business with him, and the Saints will certainly not do so, for very excellent reasons. It has been the unceasing effort of BRIGHAM and his priesthood to know every man's wealth. There is a Church claim of ten per cent. on it all at first, and a tithing annually from its increase ever afterward. Besides this, whenever a movement is on foot, some scheme or other where money is wanted, the man who is known to possess wealth is certain to be dunned to death till he hands over. If he refuses, then he loses caste and is in bad standing in the Church. With these facts before them, every Mormon prefers to bank with a Gentile. When BRIGHAM began his co-operative scheme three years ago, he commanded the faithful to bank with HOOPER & ELDREDGE. A few of the merchants complied in part for a while, but at the same time they had their actual business account with HUSSEY, DAHLER & Co., now the First National Bank.

It is quite probable that the Cashier of the Mormon bank was never asked to tell what any man's deposits were, but the fact that BRIGHAM was capable enough of asking such a question, and that the other dared not refuse answering him, was sufficient for every person who wanted to keep his business affairs to himself not to deposit there. Now the matter is made worse than before; BRIGHAM has the bank in his own hands. JOSEPH SMITH, BRIGHAM's predecessor, tried the same thing once in Ohio, and he came to grief with a whirl that made his head dizzy, so he fled to Missouri. It needs no prediction to tell the fate of the Bank of Deseret.

BRIGHAM sees that the people are unsettled and unstable. There was a time when he told the Chief Justice of the Territory that if he only crooked his little finger, the people would have torn him and his ermine into shreads. And this was no exaggeration of his influence. Twenty years ago he had the people in such a condition of fanaticism that the Chief-Justice, one of his Associate Justices and the Secretary of the Territory, repacked their trunks and returned to Washington and resigned their offices. There was no use for them in Utah. With the aid of the other Associate Justice, ZURRUBABEL SNOW, who was a Mormon High Priest, BRIGHAM went to work and directed the Legislature to clothe the Probate Court with "concurrent jurisdiction in civil and criminal cases arising under Territorial laws, with the District Court of the United States," and thus he had the machinery in his hands to do everything that was to be done.

Up until the last eighteen months, the Probate Courts of Utah have really been the Judiciary of the Territory. Every class and character of litigation has been before our Probate Judges, and men have been tried for their lives by them, and sentenced and executed. They had no more authority in law for their procedure than any other citizens. Yet they have done all this with impunity.

One of the second batch of Federal Judges who went to Utah—JOHN P. STILES, who was also a Mormon, but could not wholly disregard Federal supremacy—was angrily told by one of the Mormon lawyers that if he dared to rule otherwise than what was wanted, he had the boys with him who would drag him off the bench. This was no idle threat. He meant it, and the Judge cowered before him. Some years later that lawyer was indicted for the offense.

The Chief-Justice has ruled that no man who is living in polygamy, in open violation of the law of Congress, is eligible to either serve as a juror or to be entitled to the benefits of naturalization. As all good Mormons are in that condition, it follows that the jurors are wholly composed of Gentiles or liberal Mormons—which is, if anything, worse for BRIGHAM's purposes. Several Mormons in fellowship with BRIGHAM's Church have openly avowed in Court, when seeking naturalization, that they preferred to be citizens of the Republic than citizens of the Kingdom, and had separated from their plural wives, made them a satisfactory allowance for their maintenance, and now claimed citizenship. All this is, of course, encouraged by the Court, and the desertions are numerous.

The Gentiles have hitherto had no military organization. This last week they have begun the organization of the Wabsatch cavalry, and the best men of the community are enrolling their names. On the Mormon side, every man and boy who can bear arms is enrolled into some military organization, and a good gun, a pair of revolvers and plenty of ammunition are essentially a part of their faith. There is no danger of another rebellion as in 1857. BRIGHAM cannot play that over again. There is a railroad now. But he will play his game of bluff to the end. If the National Government is now clear and unequivocal in its support of the Judiciary, BRIGHAM must give way. Let the national power advance to support the right, and BRIGHAM will recede. The next Congress must deal with the Utah matter, and settle it at once, and the nation will gain in a few years one of the richest States in the Union.

JEROME PARK.

Programme of the Fall Meeting.

The last great Northern racing meeting of the season begins at Jerome Park, on Saturday the 7th inst., and will be continued on the 10th, 12th and 14th. This bids fair to be one of the most important and interesting events ever inaugurated under the auspices of the American Jockey Club. The programme of the Fall meeting is exceedingly liberal, both in the number of events to come off, and in the purses and prizes to be contended for; and not only holds out strong inducements to owners to start all their horses that are in good form, but must needs attract the lovers of the sports of the turf from all parts of the country. The first event on the programme for the opening day is a handicap sweepstakes of $50 each, half forfeit, and only $10 if declared by the 20th of September, with $500 added: the second horse to receive $200 out of the stakes; distance one mile and a quarter. There are twenty-one nominations to this sweepstakes, only five of which have declared out. This will probably be one of the most interesting races of the meeting, as, among the large number of starters, there are enough evenly matched to render the contest close and exciting.

The second race is the Champion Stakes, for three-year olds, $100 each, with $1,500 added; the second horse to receive $300 out of the stakes; distance two miles. There are seventy-seven nominations to this stake, which insures a large field and a hotly-contested race.

The third race is a mile dash for the Nursery Stakes, a sweepstakes for foals of 1869, $50 entry, play or pay; $1,000 added; the second horse to receive $200 out of the stakes. There are thirty-four nominations for this race. Some of the youngsters will prove to be old acquaintances to those who visited Long Branch and Saratoga, but the majority have yet to show what they can do in the way of speed and endurance.

The fourth race is a dash of three-quarters of a mile, for a purse of $400; entrance-money to second horse.

The fifth race, and one which is exciting a good deal of interest, is a sweepstakes for foals of 1867, to be run at the Autumn meeting, 1871; $500 entrance; $100 forfeit; distance, four miles. This closed in 1869 with eleven nominations, out of which it is to be hoped that enough will come to the starting-post to make the race a closely-contested one.

The sixth and final race of the first day is a handicap steeple-chase for a purse of $800, of which $200 to second horse; entrance free; entries to be made on Tuesday, Oct. 3; weights to appear on Thursday, Oct. 5; three or more to start; distance about two miles and a half.

This programme brings two most attractive races before the public on the first day of the meeting, and cannot fail to insure a large attendance.

The second day of the meeting begins with a mile and three-quarter dash by three-year-old fillies, for the Hunter Stakes; $300 entrance, half forfeit; $500 added. For this race there are thirteen nominations. The second race is a dash of one mile, for the Dessert Stakes; $300 entrance, half forfeit. This contest is for two-year olds, each to carry 100 pounds, and closed in 1869 with sixteen nominations.

The third race is a dash of three miles, by four-year olds, for the Maturity Stakes, of $200 each, with $1,200 added; the second horse to receive $300 out of the stakes. This closed with thirty-six nominations, and, as the list comprises a number of good ones, a fine race may be expected. The fourth race is for a purse of $600, entrance-money to second horse, mile heats, and will doubtless prove attractive to the many who prefer heat races. The fifth and final race of the second day is a handicap hurdle race, for a purse of $600, out of which $100 goes to the second horse; entries to be made by 6 P. M. on the first day of the meeting, and the weights to appear by 4 P. M. on the day before the race; entrance free, and three or more to start; distance one mile and three-quarters, over seven hurdles.

The opening event of the third day will be a two-mile dash for three-year olds for the Annual Sweepstakes; $500 each, half forfeit, with $1,000 added. There are seventeen nominations for this stake. The second race is for a purse of $600; entrance-money to second horse; distance one mile and three-quarters. The third race is a dash of one mile and a quarter, for a purse of $500, for three-year olds; entrance-money to second horse; winners during the year of $1,000 to carry 5 pounds extra; of $2,000, 7 pounds extra, and of $3,000, 10 pounds extra. The fourth event of the day, for which there are seventeen nominations, is a dash of three-quarters of a mile, by two-year olds, for the Champagne Stakes of $100 each, half forfeit, with $500 added; the second horse to receive $200 out of the stakes; the winner of any stake at Jerome Park, Long Branch, or Saratoga to carry 7 pounds extra, and of two or more such stakes 10 pounds extra. The fifth race is a selling sweepstakes, of $25 each, play or pay, with $500 added; the winner to be sold at auction, and all the surplus to go to the second horse; horses entered to be sold for $1,500 to carry their appropriate weights; at $1,000 allowed 7 pounds; at $750 10 pounds, and at $500 14 pounds; distance, one mile and an eighth. The day's sport will close with the grand national handicap sweepstakes of $100 each, half forfeit, and only $20 if declared by the 20th of September, with $1,000 added, of which $200 to the second horse; distance, two miles and a quarter. There are nineteen nominations to this, the great race of the meeting, only three of which have declared out, leaving a field of sixteen, among which are the names of a number of well-known flyers. Among those that will probably start are: *My Maryland*, carrying 97 pounds; *Rattan*, 82 pounds; *Monarchist*, 90 pounds; *Doctor*, 95 pounds; *Chillicothe*, 108 pounds; *Remorseless*, 105 pounds; *Finesse*, 103 pounds; FORBES' *Leamington* colt, 84 pounds; *Niagara*, 106 pounds; *Dennis Burns*, 100 pounds; *Harte*, 109 pounds; *Edenton*, 107 pounds; *Ortolan*, 106 pounds; *Fanchon*, 82 pounds; *Cadence*, 85 pounds, and a sister to *Kingfisher*, 83 pounds. It will take a good judge of horseflesh to pick the winner out of this lot.

The sport begins on the fourth and last day with a free handicap sweepstakes, of $25 each, if not declared out, with $500 added; the second horse to receive $125 out of the stakes; to close and name at the course by 6 P. M. on the third day of the meeting; weights to appear by 11 A. M., and declarations to be made by 4 P. M. on the following day; distance, one mile and an eighth. The second race is also a free handicap sweepstakes of $30 each, if not declared out, with $600 added; the second horse to receive $150 out of the stakes; conditions as to nomination, weights and declaration the same as in the preceding handicap; the distance, however, is about one-third greater, being one mile and five-eighths. The third event of the day is a dash of three-quarters of a mile by maiden two-year olds, for a purse of $500; entrance-money to second horse. The fourth race will undoubtedly prove a great attraction, as it is a dash of four miles for a purse of $1,200; entrance-money to second horse. The fifth race is a dash of one and a quarter miles, for a purse of $500; second horse to receive the entrance-money. The final race of the day and meeting is a handicap steeple-chase, for a purse of $800, of which $200 to the second horse; entries to be made by 6 P. M. on the third day of the meeting, and weights to appear by 4 P. M. on the following day; three or more horses to start; entrance free, and distance about two miles and a half. This closes the programme of a meeting which there is every reason to believe will be one of the most successful known to the history of the American Jockey Club.

COURT OF OYER AND TERMINER—OCT. 2.

Before Judge Barnard.

SWEARING-IN THE GRAND JURY.

The Court of Oyer and Terminer, for the October Term, was formally opened today, and the following-named members of the Grand Jury sworn in: William Hall, foreman; Robert Buck, Charles P. Burdett, John W. Buckley, Leander Buck, George W. Butt, Henry H. Crorker, Thomas Cottman, Isaac Hendricks, Hervey Everson, Jr., Edward Fanning, Charles Guidet, John W. Gutzer, James E. Hedges, George F. Haws, Robert Hall, John A. Hardenberg, Geo. B. Burgh, George G. Halleck, Charles Johnson, Peter H. Jaeson, James Kearney and Christopher O'Connor.

The Grand Jurors were discharged until to-morrow, and the Petit Jurors until Wednesday. Several of the jurors were fined for non-appearance.

Judge BARNARD said in reference to Albert Noe, charged with embezzling $18 from the Spingler House, that the indictment had been quashed; subsequently, however, it was arranged that a formal motion to quash should be made on Wednesday next.

The Court then adjourned until to-morrow, at 10½ A. M.

SUPERIOR COURT—GENERAL TERM. OCT. 2.

Before Judges Monell and Spencer.

BREACH OF A RIFLE CONTRACT.

Philip S. Justice vs. Wm. B. Lang et al.—Plaintiff and defendants entered into a contract, by which the defendants agreed to sell and deliver, and plaintiff to purchase, 1,000 Enfield rifles. The contract was in writing. Defendants failed to deliver, and plaintiff sues for non-delivery. A verdict was recovered by plaintiff for $8,295 83, from which the present appeal is taken. The appeal was argued on the points that evidence had been improperly admitted as to the measure of damages, the cost of and profit on rifles which the plaintiff lost by a failure to deliver within a reasonable time from the making of the contract.

Decision reserved.

The announcement of the Treasury programme for the purchase of United States 5-20 Bonds and the sale of Gold through the month of October, $2,000,000 each per week, had very little influence, one way or the other, on the Gold market today. Some heavy purchases are reported by a leading concern, but without advancing the price of Saturday—114⅞ ⅌ cent. A few sales were made at 114⅞ ⅌ cent. The Cash Gold, without being easy, was borrowed at a small bonus for its use until Tuesday. One or two parcels of Gold were received from England today, amounting to about $300,000. The prepayment of November Interest, both registered and coupon, about 20th or 25th, without rebate, together with the $8,000,000 Gold advertised to be sold, will give the Importers and Bankers a fair supply for the present month. The November Coupons will be cashed at once, with rebate of Interest, if presented before 20th or 25th.

Exchange on London is selling at 107⅞@108 ⅌ cent., 60 days, and 108⅞ short sight, and the market measurably demoralized. There appears to be no anxiety on the part of remitters to avail of even these cheap figures. Some of the Bankers are buying the Public Funds, today, at an advance on the 5-20s to 116 ⅌ cent. for the May and November, and 115 for the January and July. There was quite a spirited business done in the forenoon.

Money has settled down to 6@7 ⅌ cent. per annum to the Brokers, on call loan, and 7 ⅌ cent. for Discounts at Bank. The market was reported easy on these terms today until about 3 o'clock, when the Brokers paid 7 ⅌ cent., and there was some trouble to get Money at the price. The cause of the sudden change was not fully explained. It is supposed to have some reference to large purchases of Gold by one of the Canada Banks.

In other Departments of the Stock Exchange than the Public Funds, the Southern State Bonds were weaker than on Saturday, while most of the Railway Bonds were fairly supported. The Interest on the Land Grants of the Union Pacific was paid by Messrs. MORTON, BLISS & Co., the Bankers of the Company, today, and the Bonds are now dealt in Ex-Coupon. In the Miscellaneous Stocks there was a large rise in Quicksilver shares, and rather a firm demand for the Maryland Coal Stock, Western Telegraph and Pacific Mail. The New-York and Western Railway Stocks opened fairly in the forenoon, but the demand for Money late in the day, caused the market to leave off tame. New-Jersey Central sold up to 114¼ ⅌ cent., and Hannibal and St. Joseph, after the late Board, was down to 56@58 ⅌ cent. On most of the active Stocks the prices at the close were scarcely as firm as on Saturday, although there is no pressure to sell on the part of holders, and the *short* interest is supposed to be on the increase, while the opposite party are apparently moving without concert as between the different stocks in which they are interested. There was rather a large business done in Erie Common Stock, at lower figures than the London quotations would seem to call for, and appearances indicate that the old party here, including some of the Tammany Ring, may be getting out of their Stock, as they have already thrown overboard the Hannibal and St. Joseph, which Boston saddled upon New-York and Albany three or four months ago. Some of the Court-house Tammany people have also been realizing on their Bank and Insurance Stocks and other favorite investments not actually dealt or speculated in at the Exchange. Queer stories are told as to how variously, as well as extensively, the public plunder was put away as fast as it was "raked" in. As the Ring, since recent exposures, are now shifting their "securities," including Real Estate, these stories take shape.

After the late Boards, the Gold market was steady at 114⅞ ⅌ cent.; Exchange very weak; Money quoted 7 ⅌ cent sharp; the Public funds firm, and the report is current that several of the 5-20 issues have become scarce in the market, and higher figures are talked of for 1867s and old 1865s. The latter closed about 116⅛ ⅌ cent. The Railway Stocks were irregular and in the main weaker than at the Boards. The following are the closing quotations as compared with Saturday night:

Messrs. TANNER & Co., financial agents for the St. Joseph and Denver City Railroad Loan, urge, elsewhere in this paper, some facts of importance, in favor of prompt and free investments in the Bonds of the Loan, at the established market price.

The following agreement, having been signed by the leading owners and agents of vessels, (sail and steam,) as well as shipping merchants, relative to the freighting of vessels with bulky freight, went into operation today:

"In view of the many evils to which vessels are subjected from customs not founded in justice to all concerned, and believing that a more definite agreement in regard to the freighting of merchandise will be conducive to the interests of the shippers as well as of the vessel, we hereby agree to use our influence in favor of freighting such articles only by the package as have a fixed and definite size; all other goods to be freighted either by weight or measurement of 40 cubic feet to the ton. Tobacco, especially, as now freighted by the hogshead, of such varied size, is very objectionable, it being impossible to estimate the capacity of any vessel with a cargo of this kind, with a variation of 25 per cent. in the size of the hogsheads. We propose to freight it hereafter by the ton (measurement of 40 cubic feet, freight measurement, nothing off for rounds. To take effect after Oct. 1, 1871."

BANKING AND FINANCIAL.

☞ WINSLOW, LANIER & CO.,

NO. 27 PINE-STREET,

Offer for sale, at 90 per cent. and accrued interest in currency, and recommend as an investment of the most undoubted character, the 7 Per Cent. Bonds of the GRAND RAPIDS AND INDIANA RAILROAD COMPANY. They have 30 years to run, principal and interest payable in gold, coupon or registered, interest October and April. They are secured by a first mortgage on 220 miles of finished road and 100 miles more in progress, and on a Land Grant of *one million one hundred and sixty thousand acres* of lumber land in Northern Michigan. The road extends from Fort Wayne, where it connects with the extensive system of roads centering at that point, northerly, and having been finished through the rich agricultural region of Southern and Central Michigan, has now penetrated the Land Grant. The lands have been recently put upon the market, and are being rapidly sold. By the terms of the mortgage the proceeds of the land must be invested by the Trustees in the purchase of the Bonds, which insures their constant repurchase from the holders. This Land Grant is estimated to be worth $12,000,000, and is probably more available for immediate sale than any other Land Grant ever made to any company. The whole issue is Eight Million Dollars, of which more than six millions have been disposed of. This road is run as a connection of the Pittsburg, Fort Wayne and Chicago Railroad, and the Pennsylvania Railroad, and has the powerful support of those companies and their numerous affiliated lines. These Bonds have been sold in large lines to the most prudent investors.

☞ LOUISVILLE AND NASHVILLE RAILROAD CONSOLIDATED SEVEN PER CENT. FIRST MORTGAGE BONDS for sale at ninety-two and one-half and accrued interest.

BANKING AND FINANCIAL.

☞ FIRST MORTGAGE SINKING FUND LAND-GRANT BONDS

OF THE

ST. JOSEPH AND DENVER CITY RAILROAD COMPANY,

IN DENOMINATIONS OF $1,000, $500, AND $100,

can now be had from the undersigned or through the principal banks and bankers of the United States. The attention of investors is invited to the merits of these bonds, secured by a first and only mortgage on the road, equipments, franchises, and property of a trunk line of railroad which will shorten the distance between New-York and San Francisco some 290 miles, and in addition the mortgage to secure the bonds covers a land-grant of 1,500,000 acres of the most fertile land in the West, which is prohibited from being sold at less than four ($4) dollars per acre by the terms of the mortgage deed, and according to the present market price of the Illinois Central Company's lands is worth $18,750,000. This loan was originally for $5,500,000, but has been largely reduced by subscriptions of actual investors. The remaining balance of the loan is offered at 97½ and accrued interest, but the right is reserved to advance the price at any time, without notice.

The bonds have thirty years to run; bear 8 per cent. interest, payable in New-York, London or Frankfort-on-the-Main, at the option of the holder, without notice, free of taxes. BOTH PRINCIPAL AND INTEREST ARE PAYABLE IN GOLD. They are Coupon Bonds, but can be registered with the coupons ON, or can be registered with the coupons OFF, and interest paid to registered owner. Interest payable Aug. 15 and Feb. 15. A liberal sinking fund, formed from the entire land sales, in payment for which the bonds will be received at par and accrued interest, provides for the early extinguishment of this loan.

Trustees—Farmers' Loan and Trust Company.

These bonds offer favorable inducements to parties desiring to fund their Five-Twenties or other high-priced securities.

In converting Five-Twenties the investors realize 17 per cent. profit on the principal; 2 per cent. per annum excess of interest; and at the same time get a perfect security.

Maps, circulars, documents, and full information furnished on application.

Though acting as agents for the sale of this loan, our firm buy and sell in their regular business the bonds of the St. Joseph and Denver City Railroad Company, those of the Eastern Division being now quoted at 102 and accrued interest. These were originally placed by us at 97½.

TANNER & CO.,

Bankers, No. 11 Wall-st.

☞ FIVE-TWENTIES CAN BE FUNDED with us into the best Railroad Bonds. We recommend those of the RONDOUT AND OSWEGO COMPANY for three reasons: 1. These Bonds are safe. The road is near this City. Every investor can travel over it for himself. The net earnings of one-half of the line pay at present 10 per cent. on all the bonds which will be issued on the whole road. 2. By conversion, as we recommend, the investor adds 25 per cent. to his capital. 3. He also adds 48 1-3 per cent. to his income.

EDWARD HAIGHT & CO.,

No. 9 Wall-st.

☞ THE WEST WISCONSIN RAILWAY is now very nearly finished, and trains will be running through from Tomah to St. Paul by Nov. 1. The earnings of the Road from local traffic on the completed portion constitute already a profitable business; and arrangements and connections are about perfected which will make it the Great Air-Line Route from Chicago to the North-west, effecting a saving of more than 100 miles over the present route. The Bonds are a First Mortgage on the road itself and on a valuable Land Grant of 1,000,000 acres. They bear interest in gold at the rate of 7 per cent. per annum, and are sold now at 90 and accrued interest in currency by WHITE, MORRIS & CO., No. 18 Wall-st., and GWYNNE, JOHNSON & DAY, No. 16 Wall-st., where pamphlets and further information may be obtained.

The New-York Times,

DAILY, WEEKLY AND SEMI-WEEKLY.

This journal is now thoroughly identified with the greatest political necessity of the hour—uncompromising warfare against all forms of corruption, whether in national or local government. For years past the TIMES has been exposing the demoralizing schemes of self-interested politicians, and its recent warfare upon the Tammany Democrats has been received with universal approval. It has adhered to the pledge given in its original prospectus, more than twenty years ago, that the public should be truly represented, and their interests faithfully guarded through its columns. Its record has been pure and honorable, and the highest aim of its proprietors is to render it more and more worthy of its past history, and of the confidence which the public repose in it. Two out of three of the original proprietors still direct its policy, and guide it on all public questions. They purpose that the TIMES shall continue to keep clear of all narrow and unworthy, influences and cliques, and aim to represent the great body of the public, as distinguished from personal factions. It occupies a perfectly independent position, and is free to speak the truth on all subjects and about all men. Its greatly increased circulation throughout the country adds to its power and influence. It will continue to be a faithful exponent of Republican principles, and advocate with untiring energy every cause which tends to further the welfare of the people.

The utmost care will be devoted to gathering political news from special sources during the Presidential canvass. This department of the paper will be unusually full and trustworthy. Renewed enterprise will be exhibited in every department of the paper, and large space will be devoted to reports of speeches made during elections, or on other important political occasions.

A very full summary of news, and many general articles of great interest, are published in the Semi-weekly editions; and in the Weekly edition there is an unabridged report of the proceedings at the Farmers' Club, an excellent summary of political information, and a great variety of matter suitable for family reading.

The NEW-YORK TIMES is pre-eminently a family paper, all objectionable advertisements being rigidly excluded; and it has a constantly increasing circulation among the most respectable classes of the community.

To Advertisers.

Advertisers in the Times are requested to bring in their notices at as early an hour in the day as possible. If received after 9 o'clock, it will be impossible to classify them under their proper heads.

☞ For the accommodation of up-town residents, advertisements for insertion in the Times will be received at No. 54 West 32d-st., junction of Broadway and 6th-av., and No. 1 241 Broadway, at same rates as are charged at office of publication.

☞ Messrs. Drexel, Harjes & Co., Bankers, No. 3 Rue Scribe, Paris, are the accredited agents for the New-York Times in that city.

Notice.

We cannot notice anonymous communications. In all cases we require the writer's name and address, not for publication, but as a guarantee of good faith.

We cannot under any circumstances return rejected communications, nor can we undertake to preserve manuscripts.

☞ Advertisements for the Weekly Times must be handed in before 10 o'clock this evening.

The GERMAN EDITION of the Pamphlet published by the Times, *containing a complete history of the Tammany Frauds, is now ready. The large number of orders received will be filled as rapidly as possible, in the order in which they came to hand. The Pamphlet will be sold at six cents a copy, or $4 per hundred to dealers. All orders to be addressed to the* New-York Times.

NEWS OF THE DAY.

An attempt is being made in Kentucky to combine the Conservative Republican Party with the Democratic....A fire in Helena, Montana, Sunday, destroyed the Post-office and several buildings....Dennis Darden has been acquitted at Washington of the murder of John McCarthy, it being shown that it was done in self-defense....The report that Gen. Anderson is verp poor is contradicted at the Army Headqurters, where his name is down as drawing the salary of a retired Brigadier-General, amounting to $4,125 per annum....The Washington Commissioners on the *Alabama* claims have published the rules and regulations that are to guide the action in the cases brought before them for adjudication....An explosion occurred in a coal mine at Pottsville, Penn., yesterday, by which four men were instantly killed, one seriously injured, and one is yet missing....The monthly statement of the public debt shows a reduction in the total debt, during September, amounting to $13,458,620 51....About fifty convicts seized a steamer at the Sing Sing State Prison, yesterday, and attempted to escape, but the Captain let go the anchor and they were captured....Victor Hugo recently wrote a letter to President Thiers appealing earnestly for executive clemency in the case of M. Henri Rochefort. M. Thiers in his reply said that the Pardons Commission alone could modify the sentence of the military tribunal....The collision between the Police and the Fenians in Cork, on Sunday, grew out of illegal drilling by Fenians, several of whom were arrested with Snider rifles in their possession. The recent gales on the British coast also extended to the Continent and injured the crops....The attempt to settle the labor difficulty in Newcastle by arbitration has failed. The strikers held a meeting yesterday and resolved to persevere until their demands are acceded to....The cutlers and carpenters of Sheffield, and the spinners of Bolton and Dundee, have also struck. Relief has reached the crew of the British ship *Magaera* wrecked on St. Paul Island in the Indian Ocean, and reported to be starving at the last accounts. They will soon be taken from the island.

The affidavits upon which proceedings have been taken against Mayor Hall will be found in another part of our paper. If we had an honest public prosecutor, the Mayor would be indicted at once on these affidavits. The witnesses would be got before a grand or petit jury, and the indictment would be pressed, and Hall would stand face to face with Justice—the dread form which so long has scared him. Will District-Attorney Garvin do his duty? We have no expectation that he will, but that is no reason why he should not be told what his duty is. Let the people hold him accountable if he evades it, at the instigation of a gang which is now crumbling to pieces. The time is coming when the people will ask who has been on their side in this fight, and who has been against them. Let District-Attorney Garvin prepare for that day, if he can.

The Republican State Ticket.

We have made no secret of our desire that the Democratic Party should do everything in its power to prevent the Tammany Ring from controlling the Rochester Convention, as it has controlled all Democratic State Conventions for years past. We shall sincerely rejoice at its success, if success is attained. We believe it infinitely preferable for the people to have the best possible men from whom to choose at all elections, and it is more important now than ever before that this should be the case. Yet we do not, therefore, ignore the immense superiority of the claims of the Republican ticket now in the field over any ticket the Democracy can select. We say this plainly today, before the Democratic nominations are made, because we do not believe that, whatever those nominations may be, they can alter the facts on which we base our conclusion. The choice of the people in the coming election must depend on something beside the mere personal character of candidates, important as that is. It must include all the associations with which public officials will be surrounded; it must have reference to the tendencies of the two great parties; it must turn on the simple question which set of men *can* and *will* best protect the people against every form of corruption and misgovernment. It is true that the officers to be elected are only a portion, and not the most influential portion, of the State Government. Their duties are, nevertheless, of the highest importance. But they will be required to take part in nearly all the executive business of the State. Not only the canals, the State prisons, and the railways, but the general finances and the legal department of the State Government will fall under their immediate supervision. On their vigilance, integrity, and energy will depend the question of the continuance of scores of crying abuses that have crept into the State administration, while an honest and able Attorney-General will be particularly powerful to enforce reform and fight corruption in every direction. If men are placed in the State offices to be filled this Fall, who are unqualifiedly devoted to the cause of the people, and who have no party prejudices to overcome, no old associations to break, no entangling alliances to cast off, the people will see an important, we may safely say an immediate and complete check, put on the shameful subserviency of the State Government to the plots and usurpations of the Ring. There will probably be a good many elections of Senators and Assemblymen in which the people will have to rely on honest Democrats to defeat the schemes of Tammany. But in the State Government we believe still more in honest Republicans. We therefore give to the Republican State ticket our unreserved indorsement.

This ticket presents every quality which can be demanded by the people. The principal men upon it have been tried, and have proved to be worthy of confidence. Mr. Scribner, our candidate for Secretary of State, was, in the terribly corrupt Legislature of last Winter, a conspicuously honest and reliable member. We may be sure that, when he takes his place in the State House as Secretary of State, it will not be as a mere dummy to register without hesitation or question the will of the Rings which have seized not only our City affairs, but the important internal improvements of the State. A similar dependence can be placed on Mr. Wm. B. Taylor, candidate for State Engineer and Surveyor, and Mr. Alexander Barkley, candidate for Canal Commissioner. These gentlemen have had practical acquaintance with the canals, understand their importance, know how they can be honestly and efficiently managed, and cannot be made the tools of the Canal Ring, which has squandered the public money in a manner only less outrageous than that indulged by Tammany. For Inspector of State Prisons the name of Mr. Thomas Kirpatrick is presented. He enjoys the rare distinction of having, when before in charge of the prisons, made them pay their own expenses, and give a surplus to the Treasury. There is every reason to believe that with, his experience and capacity, the causes of the disgraceful condition of our prisons can be fully divulged, and that is the first condition to their reform.

If there were no other claim to the confidence of the people, the ticket would gain great strength from the name of Gen. Barlow alone. He is precisely the kind of man wanted in the Law Department of the State. His presence there would insure to the community the energetic use of every legal agency to thwart the corruption that is preying upon the substance of the citizens. He has shown, in his voluntary encounter with David Dudley Field, the Goliah of the Erie Ring, that he has both the pluck and the ability to champion honesty against its strongest foes. We may be sure that if the Governor, in moments of political uncertainty, demanded legal advice on such a measure as the Code bill of last session, or as to his powers to protect the people against the machinations of a Ring of corruptionists, Gen. Barlow would give it to him in the interest of the people, and not of any party or portion of any party. His presence in the Attorney-General's office would be a source of infinite dismay to the thieves all through the State, and of proportionate advantage to the people.

This is the character of the men nominated by the Republican Party. It must be remembered that as the representatives of that party they will be called upon to use all their powers to weed out corruption from the State Government. They will have no other means of gaining the approval of the party at large. Can as much be candidly said for a candidate of the Democracy? Even if a stand is made at Rochester against Tammany, will the men nominated feel that their party is undivided in its demands for a pure and honorable State Government? Will the corrupt leaders, who for years have controlled the Democratic Party in the State without serious effort, be wholly stripped of power by a single reverse? It is for the people to consider these points when they come to vote in November.

Collector Murphy.

The *Evening Post* makes several comments upon our article of yesterday in relation to the corruption of public men. It confines its observations pretty closely to the case of Collector Murphy, and interprets what we have said as meaning that we "do not consider the evidence against Mr. Murphy quite sufficient, in a Court of law, to send him to prison." It also understands us as calling for the removal of Collector Murphy, and adds the question, "Will President Grant give ear?"

We meant to imply something more than that the evidence with regard to Mr. Murphy's contracts was not sufficient to convict him of dishonorable conduct. In the first place, we regard the charges now revived against him as having been brought forward in an extremely disingenuous and malignant manner; the whole affair is part of Senator Fenton's old feud with Mr. Murphy, of which we trust every intelligent man (except the actual contestants,) is heartily weary; and the testimony as presented seems to make it evident that Mr. Murphy fulfilled his contract, such as it was, and that a Commission decided that point in his favor. That is our honest opinion upon reading the case put forward in the *Tribune*. The *Post* may have formed a different conclusion, and we may say at once that if the *Post* should tell us that it believes Mr. Murphy to be guilty, we should be disposed to give much more weight to its judgment than to the *Tribune's*—and this for reasons which all unprejudiced persons will readily apprehend.

It is one thing for a man to be driven out of an honorable office under the odium of a criminal accusation; it is another thing for him to resign because he believes that a large and thoughtful section of his party regard him as a source of weakness. We are not acquainted with Mr. Murphy's opinions on the subject; we have held no communication with him, and we believe the *Post* will accept what we have to say on the matter in good faith, and as the expression of an unbiased opinion, formed without reference to any clique whatever. So far as our information goes, Mr. Murphy has never sought to hold office against the wishes of the Republican Party. We do not think that he is a strong man in his present position—we said so at first, and we shall always say so. At the same time, we hold him to be guiltless of the cruel charges brought against him. We should be sorry to see any man, of any party, run down by the relentless animosities of his personal antagonists. But the *Post* is doubtless aware that to find a man for the office of Collector, who would be entirely unexceptionable to the highest class of Republicans, is not an easy matter. Before Mr. Murphy was appointed Collector, the office was proffered to one or two Republicans of unimpeachable qualifications, and it was declined. If it had to be filled again to-morrow, the same difficulties would arise. Men who would command universal respect are not willing to go into a post where so much opposition has to be faced, and where the worst motives are instantly ascribed for every action. This may be a weakness; but it is a weakness which largely prevails among the Republicans who would be satisfactory to the *Post* and the *Nation*. There are many men whom we could name who would confer honor upon the office of Collector—but they are unwilling to take the responsibilities of the position. Still, it is, of course, possible to hit upon some one who would encounter less opposition than Mr. Murphy; and for our own parts, we hope that both the President and the Collector will think over the representations which have recently been made in reference to the necessity of some change. We repeat that we speak merely as a public journal, having no pretensions whatever to the honor of being an "Administration paper," or a "Custom-house paper," or any other sort of paper but one which honestly strives to represent the people. We will say this for Mr. Murphy—that he has never asked any favor from us, nor has he sought our advocacy, directly or indirectly, throughout the attacks which have recently been made upon him. He does not come to us for advice, but if he did we should frankly say to him—"Since a very able and numerous section of the party think you ought to retire, and that some man carrying greater personal and political weight should be substituted for you, we recommend you to withdraw. At the same time, we believe that a great many very unjust charges have been brought against you; that Senator Fenton and his friends have used you scurvily; and that your retirement is due only to causes which you ought to have foreseen when you entered upon an office which, to speak plainly, is, in these grave and anxious days, more than you can carry."

How the Money Goes.

We have frequently asserted that when the City accounts were made public they would reveal still grosser frauds than those which were disclosed by the publication of the warrants drawn by the County Bureau, on account of the Court-house and the armories of the National Guard. The figures, of which we publish another installment today, fully bear out the assertion. There is this difference, however, that the celebrated accounts of Ingersoll, Garvey and Keyser, bore on their face the evidence of gross and palpable swindling, while the expenditures of the City department require close attention and careful analysis to show clearly their fraudulent character. We give in another column, some explanatory notes with reference to the City pay-rolls. Materials are as yet wanting to give anything like a full exhibit of the rum-sellers, gamblers, rowdies and newspaper men to whom the Ring find it convenient to pay salaries for doing nothing. It requires time to discover how many dead men's names are on these pay-rolls, how many are wholly imaginary, and how many receive only a small portion of the salary with which they are credited. In the absence of detailed evidence, there is a sufficiently strong presumption of fraud to afford a basis for calculating the amount of stolen money represented by the figures published yesterday and today, which cover, be it noted, only four per cent. of the annual expenditures of the City and County of New-York.

One of the members of the Citizens' Committee has stated that his examination of the records of the Finance Department had convinced him that at least thirty-three and one-third per cent. of the money expended by the various Departments was stolen by the Ring. That is to say, on every three dollars actually expended, one dollar was set aside as legitimate plunder. This will be generally admitted to be an exceedingly low estimate, and in order to account for the disappearance of sixty millions a year, we must be prepared to admit that another half dollar out of the three is given away to accomplices. Even this estimate would obviously leave a large sum beyond what was actually needed for bona fide expenditure, for the purpose of bribing Legislators, buying Conventions, and other familiar methods of pushing the cause of Tammany outside of the City. The City pay-rolls which we have already published, represent an annual expenditure of about two millions and a quarter per annum. Taking the moderate proportion of one-third as representing the sum filched by the Ring, we have under this head alone a steady annual leak of three-quarters of a million of dollars. Remembering that the County pay-rolls are equally fraudulent in their composition, that the pay-rolls of park laborers, of workmen on the Croton Department, and on the boulevards, are filled out with large numbers of bogus names, it is hardly unreasonable to set down the list of City and County servants as representing the permanent annual plunder of a million and a half of the tax-payers' money. The building of a Court-house may, under judicious managment occupy half the allotted term of a generation, but it must, in the nature of things, have an end some day. Pay-rolls have the advantage of being perennial, and as long as they can be kept from public scrutiny, of being a remarkably safe mode of stealing.

When we touch, however slightly, the details of these pay-rolls, it becomes obvious that a very liberal addition to the estimated Ring plunder must be made on account of money pocketed by confederates and accomplices for their personal benefit. For example, we find Cornelius Corson, who is "Secretary" of Tweed's New-York Printing Company, and Manufacturing Stationers' Company, figure on the City pay-roll for $10,000 a year as Clerk to the Commissioners for building the Harlem Court-house. In addition to this, Corson is Chief of the Bureau of Elections, whose expenditures figure in the last quarter of the year, for which he draws $6,000 per annum, and he likewise receives $3,500 a year for examining certain accounts which he never sees. The same individual is supposed to appear under assumed names in several minor sinecures, and probably costs the tax-payers of New-York about $25,000 a year for such services as he can render them after assisting to swindle them out of large sums for printing and stationery Beside this eminent sinecurist, Mr. Geo. H. Lynch, the father-in-law of Senator Genet, is hardly worth mentioning. That humble and pains-taking servant of the community, contrives to fill only three different offices in connection with the present and future Harlem Court-house, and only charges $14,000 a year for his trouble. It would appear that Tweed does not find enough to satisfy his "unbounded stomach" for plunder in the furniture business, the plastering and plumbing trades, and the stationery and printing concerns. His department, according to the statement published yesterday, absorbed between Jan. 1 and March 31, of the year, $12,878 08 for "contingencies," and $3,500 for extra "legal assistance." During the same period, the various City departments required some sixty-four thousand dollars worth of stationery and printing, and yet were able to secure for "supplies and cleaning," $88,390 16 during the same period. Let the pay-rolls be read with reference to such items, and the enormous plunder involved in the routine work of our City departments will begin to be appreciated.

Homeward Bound.

Although in this charming October weather—cool, bright, and bracing—the country is really at its pleasantest, yet the watering-place season may be considered fairly over. However warm the days, there is yet a suggestion of chilliness in all the brilliancy of the harvest moon that makes one think regretfully of the cheerful grate at home. The sea-side, too, is shorn of most of its delights. It is almost too cold to bathe, or to sail, or for even the most ridiculous of sentimentalist to relish any longer the customary joys of moonlit sands and rocks. Besides Fashion, as potent to recall as to banish, has decided that it is time to be back in town, and, for her feminine subjects at least, the irresistible attractions of the Fall opening lend force to this imperative summons. The dwellers in rural cottages have, in many places, even a stronger motive to return. At Newport, for example, it is said, the servants who there, as elsewhere, arrange domestic matters to suit themselves, have fixed the end of season, and, in many instances, already deserted their hapless subjects of the drawing-room. And so, for all these various reasons, our truant birds of passage are flying rapidly home again, and the public places of the City are filling up with their too familiar faces.

The periodical return of this great multitude of pleasure-seekers prompts again the question what provision has been made for their amusement and accommodation during the Winter. Amusement first, of course, for although society may be content to be indifferently housed, it will not consent to be ill entertained. In this respect the outlook is certainly promising enough. We are to have opera once more to begin with, and that of itself is a precious boon. More than that, we are promised Miss Nilsson in opera if we pay without murmuring the sufficiently liberal tariff of the managers. With Capoul and Wachtel and Tom Karl, the new Italian prodigy, and some of the old favorites, there will be no lack of tenors, and the other material, as may be ascertained by a glance at the announcements, is equally good. Dolby's ballad concerts are likely to be very popular. The Fall meeting of the Jockey Club, beginning on Saturday, bids fair to be as brilliant and successful as the most fortunate of its predecessors. And to crown all, it is to be hoped that we shall not have to wait long for the dénouement of that pleasing drama known as "The Broken Ring, or, the Robbers Foiled." We trust that next Thanksgiving Day may bring with it this reason at least for a more abundant and fervent gratitude than New-York has ever had cause to feel before.

There is no doubt, then, that we shall all be tolerably well amused. But shall we all be equally well housed? And we do not now refer so particularly to the poor, for whom, of course, we hope to see all possible and tender provision during what will probably be a severe Winter. The rich, on the other hand, will take care of themselves. But the large class of people between these two extremes—the thousands who, while not exactly poor, are very far from rich—are apt to be overlooked in the speculations of benevolence. Noboby writes tracts about them, or takes up subscriptions in their behalf. Yet it is these very people who are often put to more perplexity, if not real distress, in regard to suitable house room, than either of the two social extremes. Undisguised poverty has some immunities to offset its many hardships, and not the least of these is relief from the dreary struggle of keeping up appearances. The pauper can, if he chooses, live in a cellar—or could, at least, until the Health Board very wisely curtailed that insalubrious privilege. But he may still live in a garret and be happy, regardless of the opinion of his neighbors.

For that vast luckless middle-class, however, of clerks and small tradesmen, of literary and professional men with scanty incomes and increasing families, there is no such refuge. The awful eye of respectability is upon them and they must, at every cost, be genteel. They could not live in cellars or garrets, however much they might like it. They must have at least a floor of a decent house in a decent neighborhood, and they would, of course, prefer a small house to themselves. But a whole house in this City is, of course, for impecunious gentility the most preposterous dream, and even the other more modest accommodation is difficult enough to get. Some time since there were most flattering promises of various apartments to be built on the real French plan. But now some of them are opened and found to be intended for profligate Crœsuses. In the most modest of such establishments, in anything like a good, not to say a fashionable neighborhood. (and even poor people may like to be considered fashionable,) $1,000 a year is the lowest rent taken for a suite that will serve for an average family with average notions of decency and comfort. Now that sum taken out of an average income leaves little enough for other living expenses.

So, for many of the unfortunates returning from their little Summer jaunts, the prospect, it is to be feared, is not encouraging. Rents are said to be lower, yet house-hunters scarcely discover it. When will that charity for which New-York is so well reputed take pity on the woes of respect able poverty?

The Representatives of Thieves.

Tammany being a gang of thieves, anybody who undertakes to represent them at the Rochester Convention is necessarily the representative of thieves. There is no getting out of that. Yesterday we published a list of the persons who were announced as having been chosen to occupy the enviable office in question. In the course of the day several of the delegates sent communications to us.

Ex-Speaker Hitchman called in, evidently under the impression that the moment he appeared the Times office would tumble down. He vowed that he was not "going to stand it," and that "he would take his own measures," &c., &c. *We* have already taken his measure, and now what he proposes "to do about it" we neither know nor care. Probably he will go to Judge Hilton's confidential adviser, the ruffian of a small Ring journal, (subsidized at the rate of $75,000 a year, out of working men's wages,) and get up a cry for somebody's "blood."

Fellows, the ex-rebel Major and public libeler, (Assistant District-Attorney of New-York for its sins,) does not deny being Tweed's delegate.

Mr. W. A. Beach and Mr. Anthony Hartmann both indignantly repudiate the "honor" thrust upon them. They will *not* act as thieves' representatives.

Mr. Henry Murray has written a note to Tweed informing him that he resigned as a member of the Twenty-second Ward General Committee.

Mr. William Joyce has sent a similar communication.

So that *all* Tweed's old supporters are not quite so careless about their reputations as Fellows, ex-rebel Major, libeler, and now Assistant District-Attorney of the first City in the Union.

MINOR TOPICS.

When Ex-Judge Hilton, Mr. A. T. Stewart's adviser, suggested to a notorious scoundrel the desirability of trying to incite the Park laborers to commit a riot, he only used the recognized channel of Hall and Sweeny's non-official communications. The basest slanders, against women as well as men, have been circulated by Hall's express orders in a journal which could not live a week but for the subsidy it receives from the City. For doing this kind of work, the organ of the pot-house and the stews received $74,407 12 from the City from March, 1870, to April, 1871. When the working men ask where they are to get their money, let them go to the *Star* for it—in subsidizing that contemptible rag and its jailbirds, Mayor Hall and Sweeny have squandered the wages of the working men. The Park laborers and others will probably ask why nearly $75,000 which belonged to them should be handed over to a vile publication which pretends to be their "organ."

Free tickets to Rochester, over the Erie Railroad, were sown broadcast yesterday among the rowdies and loafers of the City, by the Ring. The object, of course, is to get a suitable body-guard for the thieves' representatives, otherwise known as the Tammany delegates. These free tickets were rained into all the grog-shops throughout the day—consequently the Rochester people may look out for squalls on Wednesday.

The re-election of Judge Joseph F. Barnard in the Second District is generally desired by the legal profession of both parties. He has been a good many years on the Bench, and has earned the respect and confidence of all who are in a position to know his character and capacity. The district is a large one. It includes the whole of Long Island and Staten Island, and the Counties of Westchester, Orange, Dutchess, Putnam and Rockland, having a total population of over 900,000 souls, and embracing the second largest city in the State. It is easy to see that the Supreme Court, in such a district, needs the Judges it can obtain. It certainly cannot now afford to lose Judge Joseph F. Barnard.

Mr. Butt, who has lately come forward in Ireland as a "Home Rule" champion, was formerly, like Mr. Gladstone, a tory of the tories. He is, in point of practice, the leader of the Irish Bar, and without doubt a man of very high ability. His moral reputation is not, however, equal to his intellectual fame, and his notorious pecuniary embarrassments suggest the suspicion in many minds that his political tendencies are apt to be influenced by the exigencies of his pocket. Mr. Butt has lately produced a very able addition to Irish law literature in the shape of a treatise on the new Landlord and Tenant act. He is about sixty years old. His popularity is considerable with the lower orders, who regard "Counselor Butt" as quite the most brilliant luminary "the Four Courts" have seen since O'Connell.

The best evidence that could be had of the existing prosperity of trade in England is the rapid extension of the area of labor strikes. The example of the Newcastle engineers has been followed by the cotton spinners of Boulton, the flax and jute spinners of Dundee, and the cutlers of Sheffield. The Newcastle strike has now entered upon its sixth month, and yet the last hope of settlement appears to have been abandoned. Compromise, arbitration and every other mode of terminating trade disputes has been tried and found wanting in England. The only method which has not disappointed its authors is that adopted in one of the Yorkshire collieries, where the co-operative principle has been introduced, and the men have a share in the year's profits proportioned to their earnings. Good trade is thus made as clear an advantage to workmen as to masters, and the question of strikes is settled by being kept out of the calculation altogether.

Is there no means of raising money enough to put a little life into the Astor Library? The expenses of that institution now swallow up nearly the whole of its small endowment, and less remains for expenditure on books than is spent by numbers of gentlemen annually on their private libraries. It is hardly creditable to this immense and wealthy community that it does not possess a single public library on a large scale. It has often been urged against the usefulness of the Astor Library that it is closed at night, but the funds are utterly inadequate to permit of the lighting and extra attendance which the opening of the library in the evening would entail.

The national debt was reduced in September $13,458,620, which is a considerable advance on the average rate of reduction since the commencement of President Grant's term. The total reduction during that time has been $264,799,320. In striking contrast with this state of the national debt is the humiliating fact that, besides a funded debt of nearly one hundred millions, our City Treasury will have to face by the opening of the new year a deficit of over eighteen millions.

AMUSEMENTS.

DEBUT OF THE PAREPA-ROSA OPERA TROUPE.

There is little to qualify congratulation on the brilliant success made last night by the English Opera Troupe. When assured, some months back, that Mr. Rosa was resolved to outdo what had hitherto been seen here in the same field, we were well aware that no common effort would be made to carry out the spirited resolution. Mme. Parepa-Rosa is indeed a host in herself, and so accomplished and popular an artist might fairly depend upon her own unaided attraction. We have seen, before, what she has achieved when practically placed in such a position. We have seen enough to feel assured, that "Though the many lights dwindle to one light, there is hope if the heavens have but one,"—provided Mme. Parepa-Rosa be that light. The idea of doing English opera on a really fine scale, and with such leadership to give it character and direction, was nevertheless grateful; and we are glad to say that results so far have quite outshone even what the public had been led to expect.

The Academy last night was a pleasant sight to behold. If beauty and fashion did not muster in their fullest force, intelligence and cultivated perception certainly did, and the crowds that sought admission could be but inadequately provided for. The parquet and boxes were radiant with bright faces and stylish toilets, and, wonderful to say, the stage of the theatre was worthy, in the elegance and propriety of its appointments, of both artists and audience. On the whole, we have not heard "The Daughter of the Regiment" so well sung here before. Its gay, melodious numbers were dispensed in many instances with charming freshness and vivacity. The orchestra and chorus were numerous, efficient and well-drilled; the concerted pieces showed careful rehearsal and delicate discrimination; and, last not least, the chief artists made up an *ensemble* rare anywhere and probably unprecedented in New-York. Of Mme. Parepa-Rosa's singular powers little remains to be written. Her execution, with its almost faultless brilliancy, her unfailing wealth of vocal resource, and her equally unfailing tact and good humor were never more conspicuous than last night, and we may add were never more freely recognized. Her *Maria* is an excellent performance; more satisfactory in the dramatic sense than some parts she has essayed in New-York, and vocally so near to perfection as to leave little room for criticism to measure the separating link. Mme. Parepa-Rosa was received, on the opening of her season, with animated applause, which was copiously repeated throughout the evening. The tenor, Mr. Tom Karl, was likewise heartily welcomed. This gentleman, the *Tonio* of the opera, is gifted with a voice of decided beauty and extended range. For sweetness and flexibility, for sympathetic quality and facile response to executive demands, it is uncommon; and, obviously trained in a good school, it gives promise of improvement rather than of deterioration. Mr. Karl is moreover attractive in person and a very acceptable actor. In the choicer or best-known arias of his rôle, Mr. Karl was last night encouraged with unusual warmth; and there is no doubt, we should say, of his becoming a favorite.

Mr. Aynsley Cooke made a favorable impression as *Sulpizio*, and did careful justice to the music of the score; we doubt not but that with better acquaintance with house and audience, this gentleman will please still better. Mr. Ellis Ryse as *Hortensius*, and Mr. Gustavus Hall as *The Corporal*, gave satisfactory impersonations that pleasantly filled out an agreeable picture. The company, so far as seen, may be pronounced fairly above the average our public have been used to see, and the propitious beginning now made bids fair to be sustained by the solid merit of the entertainments to come. To-night "Martha" is to be sung, and on Wednesday the "Bohemian Girl."

HERR WACHTEL'S REPRESENTATIONS.

Herr Wachtel was heard in "Martha" last evening, and he again elicited those uproarious demonstrations of delight which no artist in the past few years has been potent or fortunate enough to evoke. The outbreaks, it is true, were less numerous, but only because the character is inferior in prominence and scope to those the tenor fills in "The Postillion of Lonjumeau," "Il Trovatore," and "La Dame Blanche." As a performance, *Lionel* is quite as creditable to Herr Wachtel as his earlier efforts. It is, like these, made remarkable by the charm and force of a noble voice, by the skill of a finished artist, and by the continual display of that talent as a comedian, from the lack of which we need little foresight to prophesy that many once-admired pictures will suffer hereafter in the opinion of local audiences. As for the telling incidents, vocal and dramatic, in "Martha," these, as implied above, had, yesterday, the loudest evidences of appreciation. Herr Wachtel sang in the duet in the second act with infinite feeling, and his brief invocation of pleasant dreams following that piece may be named as offering in its nine bars as conclusive proof of the tenor's taste and culture as could be sought. The familiar story of the vision was, of course, grandly recited in respect of phrasing, expression and gradation, and the final high B flat was taken—as it was, indeed, in the first act, in the duet with Herr Vierling—with perfect ease. This piece was repeated. The finale of the same act was full of vigor; the whole of the last became impressive by the spectacle of a *Lionel* whose mad melancholy was, for the first time in this City, illustrated by something more than words and tunes. The remaining parts in Flotow's opera were assumed by Fraulein Perl, who acted and sang exceedingly well, and won much applause, and by Herr Franosch.

ITALIAN OPERA.

The sale of seats for the season of Italian opera at the Academy of Music will be commenced at the central office, in the Everett House, on Thursday. The programme for the first week of the season in Boston, opening on Monday next, has been arranged as follows: Monday, "Faust;" Tuesday, "Il Barbiere;" Wednesday, "Lucia;" Thursday, "Marta;" Friday, "La Figlia del Reggimento," and Saturday, as a matinée entertainment, "Faust."

IRISH DRAMA AT THE GRAND OPERA-HOUSE.

Mr. Edmund Falconer's Irish drama of "Eileen Oge," which has had an almost unprecedentedly successful run in London, was acted for the first time in this country at the Grand Opera-house, last evening. "Eileen Oge" (which, by the way, is explained to mean in the Irish tongue Young Ellen,) is a dramatic love story, in four acts, which moves on pretty steadily, as far as incident is concerned, and is not encumbered by any great redundancy of dialogue. Mr. Falconer's heroine, *Miss Ellen Moriarty*, is beloved at once by *Patrick O'Donnell*, a young farmer, and by *Henry Loftus*, son of the Squire of the Ballyshea estate. Having failed to secure the heart of *Ellen*, *Mr. Loftus* conspires with a rascally Scotch "middleman" and other rogues to ruin his rival. A notice to quit having been unsuccessful, *Mr. Loftus* next resorts to a false accusation, and young *O'Donnell* is arrested on the day of his wedding and torn from the arms of his intended bride at the very steps of the church, on a charge of sending a threatening letter. Five years now elapse—*O'Donnell* has been condemned and is undergoing his sentence, while *Loftus* and his tools are still at their work. By threats, persuasions and other expedients which it would be tedious to describe, the young Squire has at length made some progress toward his object, when his plans are somewhat disturbed by the arrival of a stranger with a bushy beard and a long great-coat. To get rid of this stranger, who is no other than the young farmer returned from captivity, becomes next the object of the Squire's co-conspirators, and as this takes place in the third act, it will be readily understood by experienced play-goers that a murder, under circumstances of an exciting character, is at once determined upon. *O'Donnell*, in fact, is decoyed into a ruined mill, where he is set upon by ruffians, who stupefy him with chloroform, and are about to drop him through a trap-door into the mill-race, when their proceedings are interfered with by a young peasant, who, though only slightly connected with the plot, has much to do in illustrating the romantic side of Irish character. The last act concludes, like the first, with an abortive wedding; *Mr. Loftus* is at length about to grasp his prize. Worn out by his persevering attentions, and satisfied of the death of her early love, *Ellen* is about to enter the church with him, and thus save her father from ruin, when *O'Donnell* appears on the scene to claim his bride again, and *Loftus* is led away by the county constabulary on a charge of conspiracy to murder. The piece, which was well received last evening by the very large audience present, has been placed on the stage with great care and at a considerable expense. The scenery of Messrs. Dayton and Schell is new and good. Special mention may be made of the tableau of "The Hayfield," in which some two hundred supernumeraries appear, and of "The Hawthorns," with a view of a Limerick landscape. The principal characters in "Eileen Oge" are taken by Mr. and Mrs. J. W. Florence, Mr. George Clarke, Mr. Brntone, Miss Rose Evans and Miss Ione Burke. As *Bryan O'Farrell*, Mr. Florence supplies a vigorous impersonation of the stage Irishman, whose life is supposed to be passed in fighting, frisking, and love-making. Mrs. Florence, as *Bridget Maguire*, sings and dances with all her old spirit and vivacity. Mr. Clarke, as *Patrick O'Donnell*, embodies a somewhat gloomy and sentimental young gentleman farmer. Miss Ione Burke is a very charming and natural *Norah O'Donnell*, a young lady who believes she was born to be a bridesmaid. A word of praise may also be bestowed upon Miss Rose Evans, Mr. Fiske, and Mr. Hagan; the acting, indeed, is unusually creditable to all concerned.

RETAINERS OF THE RING.

Partial List of Sinecure Office-Holders—Rum-Sellers, Gamblers, Prize-Fighters, Roughs and Subsidized Journalists on the Pay-Rolls—Some Interesting Facts for Tax-Payers to Digest.

After weeks of patient and careful investigation, a reporter of the TIMES has been enabled to collect a list of the names of those political parasites known as sinecure office-holders, whose exclusive duty it is to draw money from the City Treasury for imaginary public services. The names and the highly interesting facts in connection with them, which appear below, were unearthed with the greatest difficulty, mostly being obtained from small politicians, who were slow to tell what they knew about the Ring's secret pay-rolls. In some instances the retainere of sinecures were readily named by persons who were actuated by personal feelings, but it more frequently happened that they were not procured until after the most persistent and persuasive efforts. The result shows that TWEED possesses the lion's share of the sinecure appointments, although his colleagues in the Ring control a very respectable number. Many of the politicians have enjoyed their snug municipal berths undisturbed for years, receiving their checks every month with the most regular precision. Others do not date their appointment further back than a year. Honest tax-payers, hard-working mechanics and all classes of good citizens will probably be astonished to learn that, according to moderate computation, over 600 persons have been paid yearly out of the City taxes without rendering a single hour's work in return for their pay. As many more have got exorbitant salaries for services which were incompetently performed, or fetched double their worth. Look, for example, at the men of quite ordinary talent who have been drawing $10,000 as Assistant District-Attorneys under the Ring, and consider that these are paid twice as much as the venerable Judge NELSON, of the United States Supreme Court, and Judges WOODRUFF and BLATCHFORD, whose reputations as eminent jurists are conceded everywhere. Politicians of the worst and most ignorant order will be found scattered throughout the roll of sinecures, which includes retired rum-sellers, barroom loafers, ex-convicts, gamblers, bruisers, and other bad characters. It is believed that the support of this army of Ring hirelings costs the City upward of $1,200,000 a year. Among the names now printed are several which appeared in yesterday's TIMES without anything to denote that they were out-and-out sinecures. These are reproduced in the present list, accompanied by statements to show frauds in their full light.

TWEED'S REGIMENT OF ASSISTANT CLERKS.

On the roll of the holders of sinecure positions in the Department of Public Works are the names of eighty-seven persons who are entitled "Clerks to the Commissioner," (TWEED.) One of the first is that of A. SHYRMA, who is credited with two salaries—one of $100 a month, and the other of $83 33. No such name appears in the City Directory, and it is thought to be a mere "dummy."

M. F. DOWLEY, practicing lawyer at No. 79 Nassau-street, gets $100 a month, but does nothing except to act as President of the William M. Tweed, Jr., Association.

ROBERT WHITE, publisher of the *Sunday Democrat*, receives $75 a month as a reward for his influence in advancing the cause of young TWEED.

JOHN F. COYLE lives at Washington, D. C., and was formerly editor of the *National Intelligencer* of that city. He never did a day's work as "Assistant Clerk" to TWEED, but is allowed $250 per month out of the City funds by the latter to remunerate him for advocating HOFFMAN's claims to the Presidency among the politicians at the national capital.

ALFRED BUCKHOUT keeps a grocery-store at Sing Sing, and enjoys a large patronage from the prison. He is a brother-in-law of Gov. HOFFMAN, and gets $100 a month as Assistant Clerk. He is entirely unacquainted with the duties of that office, and is reported to draw his check in favor of some wholesale grocer in this City.

N. SHANNON and E. R. MANDEVILLE are residents of Schuyler County. The first draws $150 per month and the second $166 66. They hold their sinecures on account of services rendered to TWEED at Albany.

WILLIAM RUNNETT gets $106 a month. He is believed to be a performer in one of the Broadway minstrel companies.

Among the names placed on the pay-roll as Assistant Clerks, but which cannot be found anywhere in the Directory, are L. A. Dempsey, James Myers, L. W. Martin, John Horton, Henry J. Jones, Henry Train, J. Hoyte, Wm. M. Kenny, Patrick Finn, J. L. Harting and several others.

THE WATER POLICE.

There are fifty-four names set down on TWEED's roll as Water Police. This class of officials was created in 1863, during the rebellion, when an attempt was made to poison the Croton. The Police were not needed long, but there are about a dozen who still pretend to stand guard over the Croton reservoirs. The rest of the fifty-four do nothing but draw their money. The first on the list is the name of THOMAS CONNOR, who was a pet of CHARLES G. CORNELL, the present Water Register. He was once an Alderman, but has been dead for nearly a year. He draws $100 a month.

GEORGE HILL, commonly reported to be the noted gambler known as "Cooley Keys," is down for $166 66 a month.

"DAN" KERRIGAN, supposed to be a brother of Col. "JIM" KERRIGAN, and a *habitué* of gambling-houses on the Bowery. He spent several months in Europe during the present year. He obtains $100 a month, but never attends to any work.

H. T. MARSTON is a lawyer on Broadway, formerly at No. 202, and was a Democratic candidate for Assembly last Fall. He gets $150 a month through TWEED for doing nothing.

DENNIS LEARY, a professional boatman, at one time proprietor of an oyster and liquor saloon, gets $100 a month because TWEED thinks him "useful."

WM. O'DONNELL appears on the roll for $150 a month. There is only one man of that name given in the City Directory as a clerk. He lives at No. 6 William-street.

JAS. G. BRINKMAN is supported by $250 a month. There is a man of that name at No. 334 Broome-street, but the Directory does not give his occupation.

RICHARD BURNS gets $100 a month. There is a liquor-dealer of that name at No. 273 Avenue B, and a laborer. There is $83 83 drawn every month in his name, but his wife does not receive a cent of the money, and cannot tell who does.

FRANCIS J. DOUGHERTY is marked for $83 33 a month. The only man of that name in the Directory is a grocer, who lives at No. 350 West Twenty-sixth-street.

HENRY H. PURDY is down for $34 94. There is a man of that name at No. 783 Third-avenue.

A large number of the names which appear on the list has no existence in the Directory.

MORE FRIENDS OF THE BOSS.

JAMES H. LAMBERT, an editor, draws $125 a month as Inspector of Incumbrances on Wharves. He is to be found at his office in Nassau-street.

GEORGE W. BULL, a reporter at Albany, originally from Buffalo, gets a salary of $150 a month as "Fourth General Clerk" under TWEED. He comes to New-York about six times a year to draw his money.

THOMAS F. BRADY gets $166 66 a month as "Fourth General Clerk." He resides at No. 137 First-avenue.

D. P. CONYNGHAM, editor of the *Sunday Democrat*, is Treasurer of the Wm. M. Tweed, Jr., Association. He draws $75 as Inspector of Incumbrances.

HENRY CROSSMAN is a nonresident, and his visits to this City are few and far between, but this does not prevent him from drawing $250 a month.

MAURICE DALY is given $166 66 a month for the privilege of letting himself be called "Seventh General Clerk." There are two men of the name; one who sells liquors at No. 680 Third-avenue, and the other being the professional billiard-player. The sinecure-holder is believed to be the latter, as he is frequently seen in the society of politicians.

ANDREW DEVINE is put down as Second General Clerk, although he is known to be TWEED's private stenographer. He attends the "Boss" at Albany during the Winter. He gets $208 33 from the City, but it is reported that his total salary amounts to $7,500 a year.

In the Clerk's office of the Board of Common Council there are fourteen clerks and assistants, but the only ones who pretend to do any work are Mr. HARDY, Mr. TWOMEY and two others. The sinecure clerks receive pay at the rate of $208 a month. A. J. FULLERTON, a School Trustee in the Fourth Ward, is one of the number.

FREDERICK L. VULTEE appears as the Fourth Assistant Clerk, for which he draws the modest sum of $208 33 each month. VULTEE also holds the position of policy clerk in the office of the Mutual Life Insurance Company, No. 146 Broadway, where he is held to a strict accountability for his time and services. Mr. VULTEE, in answer to inquiry, said yesterday that he did hold the office of Fourth Assistant Clerk to the Board of Aldermen, in addition to his clerkship with the Insurance Company, and was able to perform the duties of both situations. He said that he attended to the City's work when he was through with the Company's business for the day. The Vice-President of the Company, to whom our reporter was referred by the Secretary, said that he had received the first intimation of Mr. VULTEE's employment by the City in the TIMES. He was surprised to learn the fact, and it was his intention during the day to see Mr. VULTEE and make an investigation. If he should become convinced that Mr. VULTEE, who has always borne a good character with the Company, was receiving a salary from the City, for services not rendered, he would have to class him with the Tammany thieves, and would no longer employ him.

FRANK MCMULLIN is paid $291 66 each month as reporter to the Board of Aldermen. CORNELIUS CORSON held the place formerly, but being already in possession of about ten good sinecures, was charitable enough to give it up in favor of MCMULLIN, who is thought to be a brother of the President of TWEED's Manufacturing Stationers' Company.

Ex-Alderman "DICK" CROCKER draws $250 a month as Superintendent of Markets. He spends the most of his time at the Crocker Club-house, in the Twenty-first Ward.

J. N. FISHER, JR., has held a sinecure office for several years. He gets $208 33 as clerk in the office of the Receiver of Taxes. He is never seen at his desk, but may always be found at the head-quarters of the Unique Club, in East Forty-sixth-street. The Club is supposed to be a strong political organization, but only numbers fifteen members. FISHER's father is reported to receive $100 a month from a sinecure berth.

"MICKEY" FAY, proprietor of two gin shops—one in the Twenty-first Ward, and the other in the Nineteenth Ward, receives $83 33 a month as Clerk of Fulton market, is an Ex-Assistant Alderman, and never goes near the market.

H. M. GARVIN, who is a lawyer, and a son of the District-Attorney, holds the place of First Auditor in the Controller's office, securing $416 74 a month.

PETER MARION, part owner of a billiard-saloon in Park-row, is said to draw $100 for consenting to be called a market cleaner.

DANIEL CONROY, a retired rum-seller, used to receive $150 a month from the Department of Public Works. He never performed any work.

"JIM" CUSICK, a celebrated pugilist, and a brother of "JOE" COBURN are credited with holding places as Court attendants under the Ring, All they do is to draw $100 each month.

THE COMMITTEE OF SEVENTY.

Meeting of the Executive Committee—The Coming Election—Why Laborers Have Not Been Paid.

A meeting of the Executive Committee of Citizens and Tax-payers for the Financial Reform of the City and County of New-York, was held last evening at the corner of Broadway and Twenty-second-street, Mr. HENRY G. STEBBINS in the chair. The following was adopted:

At a special meeting of "the Executive Committee of the Citizens' and Tax-payers for the Financial Reform of the City and County of New-York," held in the rooms of the Chamber of Commerce, on Tuesday, Sept. 19, 1871, the following report from the Committee on Remedies was read, by consent, by the Chairman, HENRY F. SPAULDING, Esq., and on motion of HENRY NICOLL, Esq., duly seconded by ROSWELL D. HATCH, Esq., was ordered to be printed, and to be considered at a future meeting.

The Committee on Elections shall consist of ten members, to be composed of Democrats and Republicans in equal numbers. They shall be appointed by the Chairman of the Executive Committee, who shall have the power to fill vacancies. It shall be the duty of the Committee on Elections, through the public Press, and by pamphlets or circulars, according to their judgment, to call upon all good citizens of the City and State, to unite earnestly and energetically in one common cause, regardless of party ties, to rid themselves of the thieves and plunderers who have so long enriched themselves by corrupt State and Municipal legislation, by misappropriations, stealing and robbery, and to fill their places at the next elections by intelligent, honest, incorruptible men. This Committee shall cause to be published in English and German, in circular or pamphlet form, from time to time, such facts as they may deem proper appertaining to the enormous abuses which have crept into and now control our City affairs; and they shall cause this information to be widely distributed in the various election districts throughout the City at various times previous to the next elections, cautioning the people to vote for no one for office whose name is tainted with fraud or corruption, or who is not solemnly pledged for the repeal of our present City Charter. They shall also report to the Committee of Citizens from time to time such action as they may deem advisable In case it should so happen in any district that honest and incorruptible men are put in nomination by both political parties, for the same office, the Committee on Elections is not to interfere except to require a pledge from the candidates to vote for or aid in the repeal of our present City charter, the object of the Committee being only the election of honest men. Beyond the foregoing definition of duties, the Committee on Elections is not authorized to act without the advice and consent of the Executive Committee first had and obtained.

On motion it was resolved to instruct the Committee on Remedies to prepare an address to the working men employed by the Corporation in this City, wherein it should be stated that the fault in the matter of their not receiving prompt payment rests with the present authorities, the Mayor, the Boards of Supervisors and Apportionment, by these gentlemen not attending the necessary meetings, and that it is not due to any action of this Committee.

The following was also adopted:

At the stated meeting of the New-York City Council of Political Reform, held Sept. 25, inst., a Special Committee was appointed to wait on the Mayor, respectfully requesting him, in view of the frauds of former elections, and the public apprehension on the subject, to allow a committee of citizens, chosen by the body known as the "Committee of Seventy," to designate the Inspectors whom he may appoint for the approaching elections.

This Committee was directed to request the Committee of Seventy to appoint a similar committee, which, in conjunction with the Committee of Fifteen, recently appointed by the Union League Club, for such general purposes, and any other patriotic organizations who may choose shall jointly wait on the Mayor for the above purpose.

The same Committee was also directed to represent to the District-Attorney that the public interests and sentiment imperatively demand that the numerous indictments of persons for violating the Election laws be forthwith brought to trial, and that he be urgently requested to do it as an admonition to evil-disposed persons at the approaching elections.

A communication was received requesting that Mr. WM. M. EVARTS, on his return from Europe, be requested to deliver an address at the Cooper Institute on the condition of the City; and it was resolved to call upon him to do so.

The meeting then adjourned.

Departure of Delegates for Rochester—A Talk with Mr. Tweed.

Yesterday afternoon a TIMES' reporter succeeded in obtaining an interview with Mr. TWEED.

REPORTER—Have you heard that you are about to be arrested?

TWEED—Yes, I have read something about it.

REPORTER—I have called to get your views.

TWEED—Well, all I know about it is what I have seen in the papers.

REPORTER—Do you think they are likely to arrest you on any of the charges that have lately been brought against you?

TWEED—I don't know. If they do, I shall do as many another man has done before me—I shall give bail.

REPORTER—Will you stand trial?

Mr. TWEED eyed the reporter for an instant, and turned away from him with a smile.

REPORTER—You once said that you would find vindication in a Court of justice; won't your arrest afford you a fine opportunity?

TWEED—I don't see that I will have any better.

REPORTER—What is your opinion about your proposed arrest?

TWEED—I have no opinion at all. I can only wait until I am arrested.

In order to get the opinions of those interested as to the status of affairs, the reporter visited the different offices in the building, and seeing in one of them that the plastering in the ceiling had fallen, remarked to Mr. JOHN DIAMOND, a clerk in the Department of the Superintendent of Roads, that it ought to afford a fine opportunity for GARVEY.

"I don't much think," replied Mr. DIAMOND, "that GARVEY will do any more plastering for the City."

"What have you thought about the late exposures?" asked the reporter.

"Oh, that is only newspaper talk; it will soon blow over," was the reply.

"Did you see the shot the TIMES gave us this morning?" inquired a tall man with dark whiskers. "It published the pay-roll, but it can't say we don't earn *our* money."

At this juncture an elderly Irishman entered, to whom Mr. DIAMOND propounded the interrogatory:

"Hillo, TOMMY, what are you waiting for?"

"To see the 'Boss' arrested," was the sententious reply.

Delegates, committees, and aspirants for political honors arrived and departed until a late hour in the afternoon. For the last three or four days pass tickets over the Erie Road have been distributed lavishly, placing a trip to Rochester in the power of any politician, however low his ambition, and almost every one of the crew of the sinking Tammany hulk who contemplated visiting the Convention deemed it his imperative duty to visit the "Boss" before he started. None of them appeared to doubt that the Tammany delegation would be admitted, and whether they were or not the attempt would give them an opportunity to repeat the scenes of last year. The readers of the TIMES will remember the trip of Tammany's best servants to the last Convention, and will not forget how they enriched themselves on the road, to their own gratification, and the inconvenience, terror and loss of all with whom they came in contact. This morning the same gang will leave New-York, probably with the same intentions and results.

The delegates of the regular Democracy left for Rochester on the Hudson River Railroad at 8 o'clock last evening. At about 7 o'clock they commenced congregating at the depot in Thirtieth-street. At the time of starting there were about two hundred present, quiet, orderly in their demeanor, separating now and then into little knots, discussing coming events of which they already saw the shadow. Three sleeping-cars were provided for them, of which they quietly took possession and went on their way, determined to put down once and for all the thieving element that had brought down disgrace on their party.

THE CITY HALL.

A Day of Excitement Among the Tammany Politicians—Effect of the Times Exposures.

There was more life and movement in and around the City Hall and new Court-house yesterday than there has been for several days previous. The modification of Judge BARNARD's injunction was anxiously looked for, but so many false reports of the exact terms of the order were given out that finally no one paid any attention to them, preferring to read the modified order in todays TIMES. The principal topic of conversation was, however, the list of sinecures published in the TIMES. Even old case-hardened politicians were astounded at the long lists of clerks and assistant clerks in Mr. TWEED's department, with the inspectors and assistant inspectors, deputies and sub-deputies, the majority of whom, as was of course well understood, never performed any other labor than to draw their pay. Several gentlemen whose names thus came, quite unexpectedly to themselves, before the public were warmly congratulated by their political friends on being smart enough to have got a finger in the public pie. Many of them, however, evidently did not like this public exposure, and remarked that they thought the TIMES was going a little too far. It was quite certain that it had gone quite too far for them. The Mayor arrived early and had a long interview with his law partners, after which he held a sort of general reception in his outer office. In the Finance Department, Mr. GREEN and his assistants were as busy as usual, and were visited by Mr. STEBBINS, the Chairman of the Committee of Seventy, and several members of the Investigating Committee. A number of unpaid laborers were loitering about the Court-house, but they were perfectly quiet, well knowing that all that could be done for them would be.

The City Chamberlain yesterday paid into the City Treasury $5,734 41, being interest received on public moneys during the past month.

Revision and Correction of Assessments.

The Board for the Revision and Correction of Assessments, which has not held a session since last June, met yesterday, but adjourned without confirming any of the assessment lists. The duties of the Board are a mere matter of form, the assessment lists being made out and laid before the members for their approval.

Assistant Aldermen.

The Board of Assistant Aldermen met at 2 P. M. yesterday, but transacted no business of public importance.

THE SINKING FUND.

A New Ferry—More Dock Bonds Wanted An Advantageous Lease to the New-York and New-Haven Railroad Company—How Money Can be Raised to Pay Laborers, &c.

The Commissioners of the Sinking Fund met at 3 P. M., yesterday, in open session, the Mayor, Recorder, Deputy Controller and City Chamberlain being present. Mr. GREEN was the first to arrive, and was accosted by the Mayor as "Mr. Controller."

A communication was received from the People's Ferry Company, A. H. KALBFLEISCH President, asking that facilities for running a ferry from Peck-Slip and Twenty-fifth street to East Brooklyn be granted them, as the management of our existing ferries is much complained of, and another Company is required to keep them in check. The communication further states that there is quite enough traffic to keep another ferry in operation.

The Chamberlain thought the City possessed no property near Peck-slip.

The Mayor said such a ferry was much needed.

The paper was referred to the Chamberlain and Controller.

A communication was received from the Dock Commissioners, asking that $1,000,000 of bonds be issued for the use of the Department. Referred to the Controller.

Another communication from the Dock Commissioners was received, requesting the Commissioners of the Sinking Fund to cease making any grants of property along the water front, as the new river front will absorb all these grants, and many complications and much inconvenience will be the result.

On motion of the Deputy Controller, the paper was referred to the Controller and Recorder.

Another communication from the Dock Commissioners was read accepting the lease of property bounded by East Sixteenth and Seventeenth streets and Avenue C, with twenty-three lots of the Fort Gansevoort property, at a rental of $15,000 per annum.

The clerk was ordered to prepare a copy of a lease of said property.

A resolution was offered to renew the lease of property held by the New-York and New-Haven Railroad Company, corner of Elm, White and Centre streets, for twenty-one years, at $13,500 per year rental.

The Chamberlain thought the rent should be $50,000.

The Mayor said the rent proposed was very low, but he thought the City was bound by its agreement to renew the lease after it had been duly appraised. It had been so appraised by Mr. FAIRCHILD and CHAUNCEY M. DEPEW, one acting on behalf of the City and the other on behalf of the Company.

Mr. GREEN said he should be unwilling to vote for the resolution, as the rent appeared to him to be quite inadequate.

The Chamberlain said the Company had violated the terms of their original lease, by letting a portion of the building for other than railroad purposes, and when they got their new lease without restrictions, they would not use the property at all as a depot. The resolution was then laid over.

The Deputy Controller offered a resolution that the Commissioners of the Sinking Fund be authorized to invest any of their surplus funds in stocks and bonds of the City and County, when expedient. The resolution was adopted.

The Chamberlain said he had noticed that all the newspapers had asserted that this meeting was to be held for the purpose of raising money to pay the laborers. He could not see that anything had been done in this matter, and he failed to comprehend how the Commissioners could raise money for this purpose. If they had any such power, he would like to know it, and he would be glad if the Controller would inform him how it was to be done, as the announcement in regard to the purpose of the meeting came, as he had been informed, from the Finance Department.

The Mayor said the Board had no such power, and, as Chairman, he so ruled.

Deputy Controller GREEN said that perhaps the Commissioners had done more toward this end than they were aware of. By taking up the bonds of the City money would be produced, and with this certain Departments could be paid off.

The Commissioners then adjourned to Monday next at 2 P. M.

Cross-Town Travel.

To the Editor of the New-York Times:

Your suggestions in Friday's TIMES, in relation to "Cross-Town Travel" are based upon an absolute public necessity. "There is room," as you justly observe, "for half a dozen lines of omnibuses, from river to river, above Fourteenth-street," and not a day passes but thousands of persons experience the want of suitable means of conveyance. It is rather surprising that enterprise has so long overlooked this source of profit.

My purpose in alluding to the subject at this time is to ask you to invite all persons who contemplate supplying this great public need to call at this office and permit me to submit to them a design which I have long contemplated for an omnibus, to supersede the great lumbering towering vehicles now in use, and which were built originally for a pavement and a period long since passed away. There is no reasonable necessity for elevating them three or four feet above the street, nor that they should be made near as heavy as those in use.

Better that their present weight be reduced and the carrying capacity supplimented, giving to every passenger a seat without augmenting the labor of the horses. Yours, &c.,

HENRY BERGH.

The Union Home School—The Festival at Fashion Course.

The grand Military Festival and Fête Champêtre for which such earnest preparations have been made for several months past, and the proceeds of which are to be disbursed for the benefit of the soldiers' and sailors' orphans of the Union Home School, was inaugurated yesterday at the Fashion Course, under very auspicious circumstances. The attendance was fair. There were present some three bands of music, of which that of the Seventy-first Regiment, of New-York, gave the opening performance. The Third Regiment Hussars and Battery K, of the First Division were on the ground, and were reviewed and manœuvred by Gen. SHALER. During the day there was also some tight-rope dancing, and a one-legged man hopped a mile in thirteen minutes. The performances for the day closed with a trot for the Queens County Purse of $300 for the winning horse, $75 for the second. But two horses, *Lady Emma* and *Tony Miller*, were entered, and the latter won easily in three straight heats. Time—2:44¼, 2:59, 2:46. It is expected that today will show a better report, and on Wednesday it is expected that the attendance will be very large, as great preparations are being made to make the occasion attractive.

BAUMBACH'S NEW COLLECTION

OF

SACRED MUSIC.

A large quarto volume of 219 pages, suitable for quartet or chorus choirs. Its table of contents comprises contributions from the most eminent American composers of church music, gems from the works of the great masters, and the choicest compositions of the author. The whole forms the most complete and desirable collection of sacred music extant. The work is equally well adapted for use in all Protestant denominations. Mr. Baumbach has devoted to the preparation of this book the best years of his life. He intends it to be his last work of this class, and, therefore, has spared no pains to make it worthy of a permanent place in all first-class choirs. Price, bound in cloth, $3; boards, $2 50. REAL ESTATE TRANSACTIONS.

At the Exchange, yesterday, both transactions expected to occur were adjourned, namely: Sale of lots, with water rights, on One Hundred and Twenty-first-street, east of Avenue A, by JOSEPH MCGUIRE, postponed indefinitely, and sale of title to the West Side Elevated Railway, adjourned until Monday next, Oct. 9. At the Exchange, on Saturday last, the following transaction was effected, a report of which was omitted yesterday, owing to a want of space. By WINANS, SANDS & GARRETSON, by order of the Court of Common Pleas, in foreclosure, under the direction of STEPHEN H. OLIN, Esq., referee, two lots with houses in the rear of the same, situate on the north side of One Hundred and Thirteenth-street, 166 feet 8 inches west of First-avenue. The property was offered in one parcel, and purchased by ALEXANDER MCCRAY for $6,350. The price realized was a fair one, for the location is not particularly desirable, the lots being directly opposite to the New-York Chemical Works. The total value of City real estate sold at the Exchange last week, amounted to $189,050, as against the sum of $9,550 for the week previous. For today at the Exchange quite a number of sales are advertised, full particulars in regard to which were given yesterday. In our list it was also mentioned that the suburban auction at Uniontown, N. J., would be held today. This was an error, the sale occurring on Thursday, Oct. 5, instead of today as noted. Maps of property and Railway tickets, for special train, to be obtained of A. D. MELLICK, JR. & BRO., the auctioneers, No. 6 Pine-street.

In the matter of private sales, V. K. STEVENSON & SON, No. 11 Pine-street, report having recently sold City property as follows: Four lots on the south-east corner of Tenth-avenue and One Hundred and Twenty-first-street, and four lots on the south-west corner of the same thoroughfares—the eight lots sold, together, for $36,000; 1 gore lot, 51 by 41, on the south-east corner of the Grand Boulevard and Seventy-eighth-street, sold for $20,000, and one lot on the north side of Fifty-fourth-street, 300 feet east of Seventh-avenue, sold for $9,000.

FINANCIAL.

First Mortgage, Convertible, 7 Per Cent. Gold Bonds

OF THE

PEORIA & ROCK ISLAND RAILWAY

OF ILLINOIS.

First Mortgage Bonds - - - $1,500,000
Capital Stock - - - - - - - - 2,000,000

This is a **COMPLETED** Road 91 miles in length, connecting the important Cities of Peoria on the Illinois River, and Rock Island, Moline and Davenport, on the Mississippi. Davenport, on the opposite bank of the river, is connected by a railway bridge. The last rail of this road was laid July 7, 1871, and the line is now open and being operated with a success exceeding all anticipation. In order to place upon the road the large equipment necessary for the business offered, and to construct depots, car and engine-houses, machine-shops, &c., equal to any of the best old roads in the country, as is now required of this, the Company offer, through the undersigned, $1,500,000 convertible first mortgage gold bonds, which cover the entire property of the Company, and is less than $17,000 per mile. **PRESENT PRICE, 90, AND ACCRUED INTEREST IN CURRENCY.** Principal and interest payable in coin at New-York or London, free of tax. Coupons payable February and Aug. 1.

This road, opened for the immense local as well as through traffic, now offered, will prove one of the most profitable in the West, traversing as it does a section of country unsurpassed in fertility of soil and agricultural resources, already thickly populated and in a high state of cultivation. This is self-evident from the fact that every section of the road passes through cultivated fields and many flourishing towns and villages, with a large city and navigable river at each end. Railroads in the West have been heretofore constructed through unsettled and uncultivated regions of the country, consequently have had but little local traffic to depend upon for several years after construction. But the Peoria and Rock Island Railway is a first class **COMPLETED** road, with **NO PARALLEL** or **COMPETING LINE**, and **RUNS THROUGH ONE OF THE RICHEST AGRICULTURAL, MANUFACTURING AND MOST POPULOUS DISTRICTS IN THE WEST.** Thus it is certain that the local business is already more than enough to sustain the road, while the through traffic is unlimited, as its connections are numerous, which can be seen by a glance at the map.

This road is a grand central link, to which many of the principal lines centralize and diverge to all parts of the continent.

We invite the attention of investors to this loan. Being familiar with the wealth and resources of the country along the line of this railway and A MEMBER OF OUR FIRM HAVING MADE A CAREFUL EXAMINATION OF THE ROAD AND ITS PROPERTY, WE CAN WITH THE UTMOST CONFIDENCE RECOMMEND THE BONDS AS A PRIME SECURITY, reliable and safe in every particular.

All marketable securities received in exchange at full rates, and bonds delivered to all parts of the country, free of express charges.

Maps, circulars, &c., with full particulars relating to the road, furnished on application by the undersigned, Financial Agents of the Company.

$16,000 per mile, Seven per Cent., free of tax; interest due April and October. Principal payable 1890.

The undersigned offers the unsold balance of the First and only Mortgage Bonds of the Vineland Railway Company, the entire Loan being $750,000.

The line begins at the terminus of the New-Jersey Southern Railroad, and extends to the Delaware River, is 47½ miles, and traverses the garden of New-Jersey—almost the entire length passing through a rich and cultivated country,—the products of which will be brought to Philadelphia and New-York by this line.

The flourishing towns of Vineland and Bridgeton are on the route.

On the opposite shore of the Delaware River the Smyrna Road is constructing, and will form a part of a through line to Baltimore.

Thirty-seven miles are now operated, and the remaining ten miles will be laid by Sept. 20.

The road-bed is not surpassed in the United States. Traffic constantly increasing.

The investment is secure beyond question. For a short time the price will be 88 and accrued interest.

OFFICE LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY COMPANY,
CLEVELAND, Sept. 16, 1871.

TO THE HOLDERS OF THE COMMON stock of the Lake Shore and Michigan Southern Railway Company:

Notice is hereby given, that this Company offers to the holders of the common stock of the Lake Shore and Michigan Southern Railway Company Fourteen Millions of Dollars of the capital stock of this Company, issued in pursuance of the vote of the stockholders of this Company, taken under the provisions of its charter, at a meeting of the stockholders held at the City of Cleveland, Ohio, on the 27th day of July, 1871.

Each shareholder of the common stock will be entitled to forty per cent. of the par of the stock held by him, upon the payment of thirty-three and one-third per cent. of the par thereof, in the manner following, viz.: Ten per cent. of the par thereof on the 1st day of November next, the further sum of ten per cent. of the par thereof on the 1st day of December next, and the residue of said thirty-three and one-third per cent. at such time as the same may be called.

Notice of the calls for installment, payable subsequent to the 1st day of December next, will be given to the stockholders, by publication in a newspaper published in the City of Cleveland, Ohio, and also in a newspaper published in the City of New-York, at least thirty days before the day on which payment is required.

The whole of said residue will be called for on or before the 1st day of August, 1872.

If payment shall not be made in accordance with any calls which may be made, all rights to such stock shall cease, and the stock will be disposed of for the account and benefit of the Company.

Scrip certificates will be issued on the payment of the first installment (called for Nov. 1.) Payments of subsequent calls will, as the same are from time to time made, be stamped upon the scrip certificate.

The scrip certificates will be transferable on the books of the Company.

On payment of the thirty-three and one-third per cent. certificates for full-paid stock will be issued upon the surrender for cancelment of the scrip certificates.

Dividends, upon the sum of the installments actually paid in, will be declared, payable at the same rate and time as upon common stock.

Payments of the calls are to be made at the office of the Union Trust Company of New-York, and a presentation of the stock certificates will be required, to the end that the issue of the scrip certificates may be stamped thereon.

The stock transfer-books will be opened on Monday, the 25th day of September inst., and will be closed on Saturday, the 7th day of October next.

CLEVELAND, COLUMBUS, CINCINNATI AND INDIANAPOLIS RAILWAY COMPANY,
CLEVELAND, Ohio, Sept. 30, 1871.

NOTICE TO STOCKHOLDERS.

Notice is hereby given to the stockholders of this Company, that they will have the privilege of subscribing for new stock in the proportion of one share for every five, and one share for every fraction of five shares greater than one-half, as registered in their name Oct. 20, 1871, to be paid for at the rate of seventy-five cents on the dollar.

Subscriptions will be received, and the first installment of fifty per centum will be payable between the 1st day of November and 1st day of December, 1871. Second installment of fifty per centum will be payable on the 1st day of February, 1872, and if not paid on or before that date, the right to the stock subscribed for will cease.

If stockholders prefer, the whole amount can be paid at the time of subscription. Interest to Feb. 1, 1872, at the rate of seven per centum per annum, will be allowed on all paid installments, at which time certificate of stock will be issued. This interest will be paid with the February dividend.

Stockholders registered in New-York will subscribe and pay at the office of the United States Trust Company, No. 49 Wall-st., New-York; all others at the office of the Treasurer in Cleveland, Ohio.

No subscriptions will be received after Dec. 1, 1871.

The transfer-books will close Oct. 20, and reopen Nov 2, 1871.

$500,000

OF THE SEVEN PER CENT. FIRST MORTGAGE BONDS OF THE SOUTH CAROLINA RAILROAD COMPANY. Principal due 1st January, 1888, and coupons payable in New-York 1st January and 1st July.

These bonds are the only mortgage lien on the railway and rolling stock of the corporation, and are for less than $13,000 per mile.

The gross receipts of the Company for 1870 amounted to $1,468,340 53-100; operating expenses and renewals, $915,096 21; showing a profit of $552,244 71, or $335,244 71 in excess of the annual interest of Seven per Cent. on $3,100,000 first mortgage bonds.

The South Carolina Railroad is one of the earliest-built railways in the United States; its affairs have ever been managed with care and integrity, and the present condition of the property is that of complete restoration. We recommend its mortgage bonds to investors, with the assurance of their being a first-class security.

The above are offered for sale by the undersigned at 87½ per cent.

Mr. GEORGE DOLBY, in order to give to his novel series of Ballad Concerts—which includes also Glees and Madrigals—that high standard of excellence which shall gain the approval of the cultivated audiences of the United States, has engaged for his American tour the following artists, whose eminence has been cordially indorsed by the public and the Press of England, Ireland and Scotland:

Miss EDITH WYNNE, Soprano.
Mme. PATEY, Contralto.
Mr. W. H. CUMMINGS, Tenor.
Mr. J. G. PATEY, Bass.
Mr. SANTLEY, Baritone.
Piano-forte—Mr. LINDSAY SLOPER.

Mr. DOLBY believes that concerts in the language of the country—the selections being from the highest sources, both old and new, and interpreted by eminent artists, familiar with the schools—will be acceptable to the American people, and will secure a generous patronage; and that the part singing—glee and madrigal—brought to the nicest perfection of expression and tone-coloring by constant practice, will prove a popular and attractive feature of the Ballad Concerts.

The Concerts will commence each evening at 8 o'clock.

Admission, $1. Reserved seats, 50 cents and $1 extra, according to location.

Tickets may be obtained at Steinway Hall daily, from 9 to 5 P.M.

THE MOULTON CONCERTS.

Mrs. CHARLES MOULTON, so long distinguished in European and American art circles for her matchless vocal powers and thorough culture, having been prevailed upon to appear in public, the management takes pleasure in announcing a series of
MOULTON CONCERTS,
COMMENCING ON MONDAY EVENING OCT. 18,
AT STEINWAY HALL.

This limited engagement, effected with America's most gifted songstress, was completed after her persistent refusal of the most liberal offers from the first managers of Europe, Mrs. Moulton having determined to make her debut in her own country.

Aware of the high esteem in which her talent is held by musicians and critics, the management is satisfied that the announcement of Mrs. Moulton's professional appearance will be received with unqualified approval. The concerts will be arranged with a due regard to the position and reputation of the artiste, engagements having been effected with artists of the highest ability.

POSTSCRIPT.

TIMES OFFICE, OCT. 3—4 A. M.

BRIGHAM YOUNG ARRESTED.

The Charge, Adultery—No Trouble Apprehended.

SALT LAKE CITY, Utah, Oct. 2.—BRIGHAM YOUNG was arrested this afternoon at 4 o'clock, upon the indictment of the Grand Jury, charging him, under the Utah statute, with lewdly and licentiously cohabiting with sixteen different women. The arrest was made by United States Marshal PATRICK, at the residence of YOUNG. Owing to the sickness of the prisoner he was allowed to remain at his house to-night in charge of the Deputy Marshal. He will be taken before Judge MCKEAN to-morrow. Rumors of trouble and an outbreak of the Mormons are not to be credited; the Mormon leaders give assurance that all processes of the Court will be obeyed. Gov. WOODS has made every preparation for an emergency, and he will maintain the law at any cost.

Billiard Match.

CHICAGO, Oct. 3—2 A. M.—GARNIER won the billiard match here to-night, beating DALY by 134 points.

FRANCE.

Rochefort's Case—Result of Victor Hugo's Appeal to President Thiers.

PARIS, Oct. 2.—HENRI ROCHEFORT is pressing his appeal for a mitigation of the sentence pronounced against him by the Military Court. His friends are also actively interfering by endeavors to influence the President in M. ROCHEFORT'S favor. VICTOR HUGO, among others, has written a letter to M. THIERS, strongly interceding for Executive clemency. M. THIERS in reply to the latter's appeal, says the Pardons Commission alone can modify the sentence of the military tribunal.

GREAT BRITAIN.

Cutlers and Spinners Striking in the North—No Settlement at Newcastle.

LONDON, Oct. 2.—The scissor-grinders, cutlers and carpenters of Sheffield, and the spinners of Bolton and Dundee have struck work. The attempts to settle the difficulties with the laborers at Newcastle by arbitration, have thus far proved unsuccessful. The proprietors refuse to accept the decision of the Board of Arbitration, on the ground that an adjustment reached by such means will not return to them the best class of workmen who have sought employment elsewhere, and they cannot afford to make concessions unless they secure skilled labor thereby. The strikers held a mass-meeting today, and passed resolutions to insist on their demands and persevere in the strike until its objects are accomplished.

LATER.—The ship *James Booth* foundered in the Bay of Biscay in the late storm. Nineteen men were drowned.

THE STARVING CREW.

Relief Extended to the Survivors of the Wreck on St. Paul Island.

LONDON, Oct. 2.—Later advices from Her Majesty's Acting Consul at Batavia announce the safety of the crew of the ship *Megaera*, wrecked on St. Paul Island in July last. The men, who were previously reported to be starving, had received relief, and would soon be taken off and brought home.

The report of Second Controller BROADHEAD has just been completed and forwarded to Secretary BOUTWELL. Accounts to the amount of $431,846,120 have been acted upon during the past year. Of these, $198,446,896 were from the Second Auditor, $205,953,053 from the Third Auditor, and $27,446,171 from the Fourth Auditor. The Controller makes no recommendations, merely submitting a tabular statement of the work done in his office. The Secretary of the Treasury is confined to his house today with an attack of influenza.

WASHINGTON NEWS.

Important National Political Movements—Post-Office in Montana Destroyed by Fire—Dennis Darden Acquitted of the Murder of McCarthy.

Special Dispatch to the New-York Times.

WASHINGTON, Oct. 2.—Important intelligence of a new move in politics comes here from Kentucky. The Louisville *Ledger*, a paper which was started as the organ of the Bourbon Democracy of that State to oppose the New Departure heresy of the *Courier-Journal*, has come out strongly in favor of allowing the so-called Conservative Republicans to take the lead in framing the shape of the Democratic canvass for President, and of allowing them to name the candidate for President, promising the support of the Democratic Party of Kentucky. What makes this the more important is, that it is well known as a movement in favor of Judge DAVID DAVIS, of the Supreme Court, in whose favor there is now quite a rapid undercurrant among the Democrats of Illinois and Indiana. The editor of the *Ledger* is a member of the Kentucky Democratic State Central Committee, and is known to reflect the views of the principal Democratic politicians who have spent money to support the paper. It is also asserted privately that the National Democratic Executive Committee look with favor upon this development. The Republicans of Kentucky hail this movement with decided gratification, as it will materially improve the status of the Republican Party in that State.

FIRE IN HELENA, MONTANA.

The Postmaster at Helena, Montana, telegraphs here, today, that the post-office in that city was burned yesterday morning, in a disastrous fire, which began in the office of the Helena *Herald*, and consumed nearly a dozen buildings before it was stopped. The United States mails were saved, but everything else was lost. Loss heavy and only partially insured.

CONCLUSION OF A MURDER TRIAL.

Considerable excitement exists here to-night over the acquittal of DENNIS DARDEN, who has been on trial for the murder of JOHN MCCARTHY, last July. A great deal of scandal has been in circulation during the trial, much of it being the exaggerated talk about Judge HUMPHREY'S queer conduct. There was no doubt of the murder of MCCARTHY, but the acquittal is based on evidence which is believed by many to have been suborned. A man and a woman on the opposite side of the street, at 11 o'clock of a dark night, swore that MCCARTHY had a pistol and snapped it first at DARDEN, the latter then firing in self-defense. The entire gambling fraternity here, who bore bitter animosity to MCCARTHY, have been very active in DARDEN'S behalf, and he has not lacked for either money or friends.

PERSONALITY.

Secretary ROBESON will leave on Wednesday for Ohio, making one speech at Dayton on Friday night, and another at Cleveland on Saturday night. Messrs. WHITE and RAMSDELL, indicted for refusing to tell where they got the stolen treaty, made a motion through counsel, on Saturday, to quash the indictment on the ground of want of jurisdiction. The motion was argued today and the indictment was quashed. The District Attorney asserts his intention of bringing the case before the Police Court.

Dispatch to the Associated Press.

A story has been extensively circulated, based on the letter of an American writing from Geneva, that Brig.-Gen. ROBERT ANDERSON is so poor that he cannot afford to hire a servant in his sickness to take care of him, while the Government is reproached for not giving him sufficient money with which to support himself and family. On inquiry of an official source it has been ascertained that Gen. ANDERSON is retired as a Brigadier-General and receives $4,125 per annum. No special provision was made for him by Congress.

APPOINTMENTS.

LEFFERTS VANDERBILT has been appointed Assistant Assessor of Internal Revenue, in the First District New-York, and JAMES BARNET, Gauger in the Twenty-second District New-York. FLOYD BURKE has been appointed Storekeeper in the Seventh District Kentucky, and DANIEL MCGREGOR, Store-keeper in the Nineteenth District Pennsylvania.

THE WASHINGTON TREATY.

Synopsis of the Rules of the Commission—Formula to be Followed by Claimants.

WASHINGTON, Oct. 2.—The rules and regulations adopted by the Commissioners under the twelfth article of the Treaty of Washington, have been printed. They require, among other things, that in addition to the representation of his claim and the proofs in support thereof which shall have been presented to his Government, the claimant shall file in the office of the Commission a statement of his claim in the form of a memorial accompanied by twenty printed copies thereof. In cases where the amount is less than $1,000 the memorials will be printed at the expense of the Commission. Every memorial shall state the full name of the claimant, the place and time of his birth, and the place or places of his residence between the 13th of April, 1861, and the 9th of April, 1865, inclusive. If he be a naturalized citizen or subject of the Government by which his claim is presented, an authenticated copy of the record of his naturalization shall be appended to the memorial, and he shall state whether he has taken any, and if so, what steps toward becoming naturalized in any country other than that of his birth. If the claim be preferred in behalf of a firm or association of persons other than a corporation or a joint stock company, the names of each person interested, both at the date of the claim accrued and at the date of verifying the memorial, must be stated, with the proportion of each person's interest. The memorial must state the particulars of the claim, the general grounds on which it is founded and the amount claimed properly verified. Objection to the jurisdiction of the Commission or to the sufficiency of the case stated in the memorial may be made in the form of a demurrer, stating with technical nicety the substantial grounds of the objection. Every claimant shall be allowed two months after the filing of his memorial to complete his proofs, and after the completion of his proofs and notice thereof given, two months shall be allowed for taking the proofs of the defense, with such further extension of time in each case as the Commission on application may grant for cause shown. After the proofs on the part of the defense shall have closed, the Commission will, when the claimant shall desire to take rebutting proof, accord a reasonable time for the purpose. All depositions after the filing of the memorial shall be taken on notice. The Commissioners may at any time issue a special Commission for the taking of testimony on the application of either party, and may also, on the motion of either party, order any claimant as witness to appear personally before them for examination or cross-examination. When the time has expired for taking proofs, or the case has been closed on both sides, the proofs will be printed under the direction of the Secretary, and at the expense of the Commission. The argument for the claimant shall be filed within fifteen days after the papers shall have been printed. All cases will be submitted on printed arguments, which shall contain a statement of the facts proven and references to the evidence by which they are proven; and in addition, the counsel for the respective Governments will be heard whenever they desire to argue any cause orally. Arguments of counsel for individual claimants will be received in print when submitted by the counsel of either Government, and not otherwise.

SING SING.

Another Attempt by Convicts to Escape—The Steamer Trick Defeated by the Captain.

POUGHKEEPSIE, N. Y., Oct. 2.—About 3 o'clock this afternoon fifty convicts at Sing Sing Prison took the propeller *Hugh Bolton*, belonging to Contractor A. WALKER, and tried to escape; but Capt. C. WARD let go his anchor and stopped the boat. The guards fired about thirty shots, but did no harm. The officers from the prison went out in small boats and brought them all back, and they are now locked up.

Fearful Death of an Æronaut—He Falls while a Mile Above the Earth.

LOUISVILLE, Oct. 2.—At Paoli, Orange County, Ind., Saturday, Prof. WILBUR made arrangement for a balloon ascension. He was to be accompanied by GEORGE H. KNAPP, editor of the Orange County *Union*. As they were about getting into the balloon the cords gave way, and they made a spring for the car, but only succeeded in grasping the ropes. As the balloon rose KNAPP let go and fell at a height of about thirty feet, without serious injury. Prof. WILBUR held on and attempted to climb into the basket, but was unable to do so, and the balloon shot upwards rapidly with the æronaut hanging below. At a height of about one mile the unfortunate man let go his hold and came whirling to the earth. As he struck the ground he fell upon his head and back. His head was mashed into an indistinguishable mass.

Explosion in a Coal Mine—Four Men Killed and One Missing.

POTTSVILLE, Penn., Oct. 2.—An explosion of sulphur occurred this afternoon in the Otto colliery. PATRICK MCMICHAEL, GEO. DUNLAP, JACOB YOST and THOMAS HAYS were killed, and GEORGE DUNLAP seriously injured. One miner is missing. There are no hopes of recovering him alive.

TELEGRAPHIC BREVITIES.

WM. FRENCH, editor of the Tacon (Ill.) *Statesman*, formerly of Springfield, Mass., died on the 30th ult.

The Controller of the Currency has called upon the national banks for reports of their condition at the close of business yesterday.

Rev. JOHN M. GORDON, a widely-known minister of the Presbyterian Church, died on Thursday last at St. Louis, Mich., from paralysis.

A large fire occurred at Tavistock, Ontario, yesterday, consuming three buildings. Loss $20,000; insured for $5,000.

The bill for an injunction against the Virginia and Tennessee Railroad Company, and its President, Gen. MAHONE, was filed yesterday morning in the United States Circuit Court at Richmond.

It is now ascertained that only one man, CHARLES STEARNS, perished in the fire at the Burlington warehouse, Chicago, on Saturday. The loss foots up $628,000, and the insurance thus far ascertained amounts to $327,000.

Yesterday morning a fire broke out in the Mansion House at Hudson. The hotel was totally destroyed, and the adjoining buildings damaged by fire and water. The total loss is estimated at $13,000, which is nearly covered by insurance.

Gen. RYAN attempted to arrest FORD C. BARKSDALE at Clifton, Canada, yesterday, upon a warrant issued by Judge BEDFORD. BARKSDALE refused to surrender, and claimed the protection of the Police. The Mayor and Police authorities of Clifton refused to give him up.

AUGUSTUS T. BERCK, alias Charles Baker, alias Thomas Wilson, one of the most noted forgers in the country, was arrested on Saturday, in Montreal, by members of the Buffalo Police, and held on extradition for a forgery committed in that city.

In the town election at Hartford, Conn., yesterday, the Republicans won a great victory, electing A. S. STILLMAN over F. A. MARCY, first selection, by a majority of 864. Only one Democrat is elected on the Board.

POLITICAL AFFAIRS.

THE DEMOCRATIC CONVENTION.

List of Delegates to the State Convention in Rochester To-Morrow.

The Democratic State Convention is called to meet in Rochester to-morrow. Each Assembly district is entitled to send one delegate, and we present below a list of the delegates from the country counties by districts, so far as reported, the contesting delegates from this City having been given in yesterday's TIMES. In some of the districts, it will be seen, contesting delegates are sent, the split in these arising mainly from the management of the canals.

POLITICAL NOTES.

Hon. WILLIAM MOORE has been nominated for the State Senate by the Republicans of the First District—Suffolk, Queens and Richmond Counties.

The St. Louis *Democrat* hopes much from the present effort to reunite the Republican Party in Missouri, and says the State can and must be carried for the national Republican cause in 1872.

The Kuklux trials in Raleigh, N. C., have revealed that the order is known among its members as "The Invisible Empire." The witnesses assert that there is nothing in the oath referring to politics.

The recent election cost San Francisco $35,000, and a loud demand is made for reform, the evil lying principally in the defects of the Registry act. The cost to the city of the coming Judiciary election is estimated at $15,000.

Democratic papers in Texas profess to believe that their party will carry at least three of the four Congressional districts in that State at the election this week. The First District they concede to the Republicans. In the Third District, where the negro vote is heaviest, the Republicans are divided, and there are two candidates for Congress.

Demmocratic Tennessee is dissatisfied with the result of the Democratic administration of State affairs, and from the western portion of the State especially there goes up a strong clamor for a reduction of the high rates of taxation. The present rate is sixty cents on the one hundred dollars, where the rate under the old order of things was only half that amount.

The South Carolina delegates to the Colored Convention to be held in Columbia, Oct. 18, were appointed at the recent meeting of the Republican State Committee, and are as follows: First Congressional District, J. H. Rainey, H. E. Hayne; Second District, W. J. Whipper, B. A. Bosemon; Third District, W. B. Nash, S. Y. Lee; Fourth District, J. H. White, Frank Williamson.

Gov. H. C. WARMOTH is said to have sued the State of Louisiana for nineteen days' salary, withheld by Auditor GRAHAM because the Governor was at that time, as the New-Orleans *Times* puts it, beyond the limits of the Commonwealth, enjoying himself on the pleasant shores of Mississippi Sound, while Lieut.-Gov. DUNN performed his duties and received the emoluments therefor.

A Washington telegram to the Philadelphia *Press* says Senator SHERMAN is of the opinion that taxation may be reduced at the approaching session of Congress to the extent of at least eighty and perhaps ninety millions, and the Secretary of the Treasury at the same time be able to meet all the expenses of the Government, including the payment of the interest on the public debt, and to continue the reduction of the principal, though not to so large an extent as heretofore.

The Indianapolis *Journal* says it has been assured by persons who profess to know the truth of what they state, that Attorney-General HANNA, of Indiana, will proceed, without delay, to bring suits for the recovery of the money abstracted from the State Treasury by means of bogus vouchers for State printing. And that it is also reported that he will institute proceedings to compel the State officers to account for interest received on public funds farmed out on private account.

Hon. WILLIAM B. WASHBURN was serenaded at his home in Greenfield, Mass., on Thursday night, after news of his nomination for Governor had been received. In responding he thanked those present, his neighbors and friends, for their kind demonstration of good will, and said he had been a resident of Greenfield for fifteen years, and had never been accused of duplicity or being false to any trust, and that it should be the highest ambition of his life, if elected to the office of Governor, to prove himself worthy of the confidence of his friends.

The following unique statement appears in the Dunkirk *Journal*: "The announcement of his name by Hon. O. S. WINANS as an independent candidate for the Assembly from this district, shows that he has more confidence in the people he has represented at Albany during the two Legislative terms than he has in the 'Rings' by which political nominations are frequently made. We place his name in the appropriate column with the candidates nominated, and have no doubt he will receive such consideration from an enlightened and honorable constituency as his fearless and liberal course in the Legislature during the past two years, and local interests of this district, which he has heretofore so signally guarded and enhanced, shall merit and demand."

Local Political Brevities.

The Union County (New-Jersey) Democratic Convention has been called for Friday, the 18th inst.

Today at 12 o'clock the members of the Republican State Committee for the ensuing year will meet at the Fifth-avenue Hotel for a thorough organization.

A new James O'Brien Club was organized in the Eighteenth Ward last evening. Mr. O'BRIEN made an address, promising if elected to vote for the repeal of the last City charter.

At a meeting of the Seventh Assembly District (reorganized) Republicans, held last evening at No. 86 Sixth-avenue, resolutions were adopted approving of the action of the Syracuse Convention.

At a meeting of the Twenty-first Ward James O'Brien Association, last evening, arrangements were made to send a delegation from the club to the Democratic State Convention.

The Monmouth County (New-Jersey) Democratic Convention met at Freehold on Saturday evening and nominated WM. A. CONOVER for State Senator, and SAMUEL HENDRICKSON for Sheriff.

The German-American Reform Association held a meeting last evening at West Fifty-eighth-street. Speeches were made, inculcating the duty of placing in office only honest and trustworthy men.

The Queens County Democratic County Convention meets at the Court-house, North Hempstead, today, to nominate county officers and appoint sixteen delegates to the Senatorial Convention.

The proceedings of the Young Men's Democratic Club of the Sixteenth Ward having been misrepresented in a notorious Ring newspaper, the Club has adopted resolutions reiterating that it is opposed to Tammany Hall.

The James O'Brien Central Campaign Club of the Twentieth Ward held a meeting last evening. Several gentlemen addressed the Club in terms highly eulogistic of Mr. O'BRIEN, and designating him as a proper candidate for the Seventh Senatorial District.

The colored citizens of the Fifth District met last night at No. 242 Spring-street, and received the report of a committee in reference to the charges brought against Col. JOHN TAYLOR of being affiliated with Tammany Hall. The Committee declared the charges unfounded.

The Germans of the Fifteenth Ward met last night, at No. 190 Sixth-avenue, and organized a club to be known as the "German American Association of the Fifteenth Ward." Dr. HOFFMAN presided. The object of the Association is to oppose corruption and inaugurate reform.

The Newark Democratic City Convention met yesterday, and made the following nominations: Mayor, MOSES BIGELOW; Tax Commissioner, E. C. SMITH; Water Commissioner, JEREMIAH O'ROURKE; Surveyors of Highways, ROBERT J. DUNN and DANIEL M. LYON.

The Twentieth Assembly District Reform Democratic Association met last night at the corner of Third-avenue and Fifty-second-street. JAMES MCNIFF was nominated for Assembly, and ABRAHAM DOWDNEY for Assistant Alderman, after which several speeches were made denouncing Tammany Hall frauds.

Builders in Council—The Charges Against Macgregor.

The Committee appointed at the meeting of builders, which was held on Thursday evening to investigate the charges against Superintendent MACGREGOR, met last evening at the residence of Hon. LEANDER W. BUCK, in East Thirty-fourth-street.

Considerable discussion ensued in relation to a modification of the Building law, the principal point being whether it would be better to modify the law before or at the same time the charges against Mr. MACGREGOR were investigated, or to investigate the charges first. On motion of Mr. JAMES FETTRETCH, a committee of five was appointed to sit every night for a week to receive affidavits of the charges against Mr. MACGREGOR. The Committee were further empowered to advertise for complaints and specifications of charges, and also to take action in relation to these charges against Mr. MACGREGOR and his Department. Another Committee consisting of nine members was appointed, on motion of Mr. BURTSELL, to meet every alternate night to consider the revision necessary to the Builders' law.

The Protestant Episcopal Sunday-school Association held their quarterly meeting last evening in the Sunday-school room corner of Thirty-fifth-street and Madison-avenue. Rev. GEO. B. DRAPER, D. D., read an essay entitled "Our Great Grievance, the Lack of Teachers, and its Remedy."

On Sunday night, in a lager-beer saloon on Ninth-avenue, between Forty-ninth and Fiftieth streets, LOUIS FERBER struck CHAS. SNEIDER on the head with a bung starter, inflicting serious injuries. FERBER was arrested and locked up in the Yorkville Police Court to await the result of the injuries.

WM. C. GREEN, a young drug clerk in the employ of MYRA FAVOR, of No. 475 Sixth-avenue, has been embezzling his employer's funds during the past year, until he has taken upward of $1,000. He was arraigned yesterday before Justice SHANDLEY, and, having admitted the charge, was committed.

At the regular weekly meeting of the Methodist Preachers' Association, yesterday morning, Rev. Dr. FOSTER, of Drew Seminary, read an essay on "Darwinism," in which the speculations of that celebrated theorist as to the origin of the human race were attacked and strongly denounced.

All the evening schools, thirty-two in number, reopened last evening. There are sixteen of these schools for males, thirteen for females and three for colored persons. No person is allowed to attend the evening schools unless introduced by a respectable citizen, and unless such person can prove that he has no time to attend the day schools.

The Law School of the University of the City of New-York was reopened for the Fall session yesterday morning. The class is expected to be unusually large this year. Up to 12 o'clock more than thirty young men had entered their names on the roll. The opening address will be delivered on Monday next.

JAMES DRUM was brought up at Essex Market Police Court yesterday before Judge LEDWITH, on a charge of setting fire to the residence of WM. BERGEN, of No. 437 East Twenty-fourth-street. The case was investigated by the Fire Marshal, and he declared there was no evidence to justify the detention of the prisoner. He was discharged.

The following liquor-dealers were arrested on Sunday for violating the Excise law: JAMES CARR, No. 426 Canal-street; JOHN H. SCHEELE, No. 153 West Broadway; WILLIAM FLANAGAN, No. 124 West Broadway, and PATRICK JOYCE, No. 165 Hudson-street. They gave bail in $300 each before Judge DOWLING, yesterday, and were discharged.

In the case of GEORGE AUGUSTUS CLARKE and JANET VIRGINIA CLARKE, infants under the age of twenty-one years, by REUBEN MIDDLETON, their guardian and next friend, *vs.* JAMES B. JOHNSTON and ADAM MORRIS, executors of the last will and testament of JAMES BOORMAN, Judge BLATCHFORD has rendered his decision, dismissing the bill with costs.

The funeral of Commodore OSCAR BULLUS, United States Navy, took place yesterday from Grace Church, Broadway. Bishop POTTER officiated, with Rev. Dr. SEABURY and Rev. Mr. EGBERT as assistants. The Eighth Infantry and a detachment of marines followed the body to the Marble Cemetery in Second-street. The pall-bearers were Commodore Eagle, Commodore Livingstone, Capt. Brazer, Pay Director Bradford, Medical Director Jackson, Pay Director Barry, and Capt. Ransom.

BROOKLYN.

KEMO KIMO WARITARI walked solemnly down Broadway yesterday. KEMO is a native of Japan, and has come to study our manners, customs, fashions and things. He looked sharply as he walked, and walked sharply as he looked. Suddenly his attention was arrested. He stops before the window of KNOX, the inimitable Hatter, at No. 212 Broadway, exclaiming, "Iko Piko Jambo Bee!" the English of which is "Beautiful, by thunder!" He enters, but soon comes out wearing one of KNOX'S superb tiles. If he wasn't happy his looks belied him.

Banking-House
OF
JAY COOKE & CO.

Since the closing of the Government loan by our firm the demand for

Northern Pacific
7.30 GOLD BONDS

has been larger than ever, while the exchange of Five-twenties, called in for redemption in December, is daily increasing. This shows that holders of Five-twenties are not only alive to their interests, but that they have the fullest confidence in NORTHERN PACIFIC SEVEN-THIRTIES.

THE HOLDER OF A $1,000 FIVE-TWENTY BOND WHO EXCHANGES IT NOW FOR NORTHERN PACIFICS, THEREBY INCREASES HIS PRINCIPAL BY 14 PER CENT., RECEIVING $1,140 IN NORTHERN PACIFICS FOR $1,000 IN FIVE-TWENTIES. HE ALSO PERMANENTLY INCREASES THE YEARLY INTEREST INCOME ON HIS INVESTMENT MORE THAN 38 PER CENT., OR FROM $60 IN GOLD TO $83 22 IN GOLD.

These Bonds have THIRTY YEARS to run, and are secured by FIRST and ONLY MORTGAGE on the ENTIRE ROAD AND ITS EQUIPMENTS, and also on 23,000 ACRES OF LAND TO EVERY MILE OF TRACK.

With their ample security and high rate of interest, there is no investment more PROFITABLE OR SAFE, and we do not hesitate to recommend them with the same confidence with which we commended the Government Loans to our friends and the general public.
